R. L. Borden

WOLT IS BROKEN.
Crushes the Outbreak.
Strike Called Yesterday Quickly and Completely.
Dole Severe Blow to Anarchistic Element; Strengthens Throne.
Bourassa Big Victory Prompt and Determined Action.

of those which were in operation have been stopped by the men's leaders.

PREMIER GIVEN CREDIT.
The Premier is considered to have dealt a severe blow to the revolutionary and anarchistic element with a minimum of bloodshed, thereby strengthening the position of the government at home and the prestige of the country abroad.

Conditions in the capital today were practically normal. Unsuccessful attempts were made to persuade men engaged in construction work to quit, but the police dispersed the agitators. The chauffeurs announced they had joined the strike and Premier Laurier promptly arrested the president of the union and dissolved the organization.

TROOPS STONED.
The other towns in Spain were quiet today with the exception of Jativa, where a battalion of troops which arrived from Madrid was received with volleys of stones from rioters. The troops fired on the mob, killing one townsman and wounding four others.

At Bilbao the local strike committee decided that work should be resumed tomorrow. Dispatches from Valencia, Ferrol, Coruna, Seville and Saragossa describe those places as tranquil.

All suspected persons, including the Republican and Socialist leaders, Perez Galdos, Perez Aguirre and Pablo Iglesias, are under constant surveillance. Many houses have been searched, arms seized and the prisons are filled with political suspects and rioters.

RIOTOUS BANDS OUT.
Notwithstanding work generally has been resumed at Valencia, anarchistic bands continue to spread terror around the countryside. They have plundered the municipal treasuries and also attempted to set fire to the Duke of Gandia's palace but were driven off by the troops.

EX-GOV. PROCTOR DYING.
PROCTOR (Vt.) Sept. 21.—(By A. P. Night Wire.) There is no hope for the recovery of former Gov. Fletcher D. Proctor, who has been suffering from cancer since July, his physicians stated today.

Strong Campaigners.

Whose efforts yesterday resulted in a victory for the opposition in Canada.

UNKISSED SON TASTES BLISS.

Sips Honeyed Nectar from Lips of Maid Who Works for Mother Dowle.

(BY DIRECT WIRE TO THE TIMES.)

WAKEFIELD (Hill) Sept. 21.—(Exclusive Dispatch.) Miss Lillian Meyer, maid to Mrs. John Alexander Dowle, caused a sensation in Zion City by the statement this morning that Gladstone Dowle, the "unkissed son," not only had kissed her before her departure from Whitehall, Mich., but that she was engaged to young Dowle.

She said also that Mrs. Dowle and her son will start meetings in a South Side hall in Chicago and will devote their efforts solely to reclaiming Dowle's vast interests in Chicago. The maid is a comely young woman of 23.

TO REORGANIZE STEEL COMBINE.

ATTORNEYS FOR BOTH SIDES GET HEADS TOGETHER.

So-called "Billion Dollar Trust" Is Receiving the Earliest Attention of the Department of Justice and the Shores Suffer an Attack on the Stock Market.

(BY A. P. NIGHT WIRE TO THE TIMES.)

NEW YORK, Sept. 21.—It was reported today on excellent authority that the matter of dissolving and reorganizing the United States Steel Corporation is receiving the earliest attention of the Department of Justice and the legal representatives of the so-called "billion dollar trust."

There is ground for the assertion that the steel corporation is making a strenuous effort to meet the demands of the government, but by reason of the complexity of the situation little headway has been made.

Many of the subsidiaries which helped to make up the corporation have lost practically all semblance of their original selves and in the opinion of dispassionate observers it would be well nigh impossible to restore original equities.

BONUSES AND WATER.

It is a matter of common knowledge that a large part of the \$600,000,000 common stock, originally represented little more than bonuses or water. On the other hand, it has been admitted by government investigators that much of this inflated value has been replaced in recent years by money taken out of the earnings. In fact, the report of the Department of Com-

merce and Labor has practically fixed upon a value of \$50 for the common shares because of the millions put into new construction, betterment, depreciation, etc.

Quite apart from the legal obstacles which are said to beset the path of the United States Steel Corporation, it is evident that trade conditions are distinctly adverse.

Intimations put out from various quarters last week point clearly to a "liquidation of labor" in steel and iron, beginning perhaps with the steel corporation.

Officials of the latter company have issued no figures dealing with the extent of the operations at the most important plants, but advices from Pittsburgh, Chicago and Cleveland indicate that business at those centers is smaller at this time than at any period since the first quarter of this year.

The common and preferred shares of the United States Steel were subjected to a severe attack in today's stock market by reason of the various rumors affecting the corporation. On sales approximating \$75,000 shares of the common stock registered a net loss of over five points, while the preferred shares declined almost as much. In both instances new low records for the year and even a longer period were established.

BLUNT, BRITISH. NEW PREMIER.

TRUE CANADIAN R. ROBERT LAIRD BORDEN.

Never Interested in Politics Until Late in Life—Long With Eminent Legal Firm Headed by Former Premier of Dominion—Lacks the French Fire of Laurier.

(BY DIRECT WIRE TO THE TIMES.)

OTTAWA (Ont.) Sept. 21.—(Exclusive Dispatch.) Robert Laird Borden, Canada's new Prime Minister, is the first man to attain that office who has not given the better part of his life to politics. He was 42 years old and a lawyer of eminent standing in Halifax before he entered the public arena. The election of 1904, which brought Sir Wilfrid Laurier into power, gave Borden a seat in the opposition. Sir Wilfrid is French, fluent, adroit; Borden, British, blunt, without the minor political faculties which make leadership easy.

He had legal association with the law firm so long adorned by the name of Sir Charles Tupper, who was Prime Minister of Canada in 1906. Borden was to have entered public life under the powerful patronage of the Tupper. The conservative government expected to be returned to power in 1906 and undoubtedly Borden saw ahead Cabinet honors and possible accession to the premiership which he now has won by a longer and more arduous course.

Borden's father was Andrew Borden and his mother Eunice Laird. He received his education at Acadia University, at Horton, N. S. In 1889 he married Miss Laura Bond, daughter of T. H. Bond of Halifax. Mrs. Borden has been of invaluable assistance to her husband's political career. Borden is a thorough Canadian.

SUGAR ADVANCE.

NEW YORK, Sept. 21.—(By A. P. Night Wire.) Another perpendicular advance of seventeen points occurred in the price of raw sugar today, making Cuba centrifugal 98 test 8.22, the highest figure in many years. A sale of 20,000 bags took place on that basis, and more was wanted, but spot supplies are tight, although there is less anxiety regarding later shipments. No further change was made in refined sugar, but an advance is expected to follow this sharp rise in the raw article.

PRESIDENT TAFT DISCUSSES DEFEAT.

(A. P. NIGHT NEWS REPORT.)

KALAMAZOO (Mich.) Sept. 21.—President Taft tonight said: "I have just been informed that reciprocity has failed in Canada. For me it is a great disappointment. I had hoped that it would be put through to prove the correctness of my judgment that it would be a good thing for both countries. It takes two to make a bargain, and if Canada declines we can still go on doing business at the old stand."

LAURIER GOVERNMENT TOPPLES DOWN TO DEFEAT IN ELECTION

Overwhelming Tidal Wave of Ballots Sweeps Opposition Control of Northland Policies.

Robert L. Borden, Leading Opponent of Reciprocal Trade Relations With America, Rated Into Premiership of Dominion—President Taft Briefly Expresses Regret at Failure of One of His Pet Measures—Practically New Canadian Ministry Seated—Annexation Bugaboo Was Factor.

(BY A. P. NIGHT WIRE TO THE TIMES.)

LATEST FIGURES FROM THE NORTH.

(A. P. NIGHT NEWS REPORT.)

MONTREAL (Can.) Sept. 21.—Returns compiled at a late hour tonight give the following:

Province	Govt.	Oppn.
Quebec	26	27
Ontario	13	79
Nova Scotia	10	8
New Brunswick	3	1
Prince Edward	2	2
Manitoba	1	2
Saskatchewan	1	1
Alberta	4	1
British Columbia	6	7
Totals	81	122
Opposition majority	51	

The landslide was not expected by either side.

The Liberals were confident they would be returned with an increased majority, for they believed that reciprocity would be most acceptable to the Canadian electors, while the Conservatives claimed they would have a majority, they did not expect it would be so large, or that the general verdict of the country would be given so decisively against the government.

FARMERS OPPOSED PACT.

They feared that reciprocity would prove popular with the farmers of Ontario and the farmers and the fishermen of the maritime provinces, and, while confident they would win the cities, they were dubious as to the result in rural constituencies.

However, in Ontario especially the agricultural vote went almost solidly against reciprocity, and in the maritime provinces it did not prove to be the popular issue expected.

While Sir Wilfrid Laurier, the Prime Minister, was safe in two counties, the Conservatives made a great harvest of ministerial heads, thirteen members of the Laurier Cabinet sought re-election, and seven of them were defeated.

DEFEATED MINISTERS.

Minister of Finance Fielding and Minister of Customs Paterson, who made the reciprocity bargain with the United States, failed to win; Sir Frederick Borden, Minister of Militia; Mackenzie King, Minister of Labor; Sydney Fisher, Minister of Agriculture; George P. Graham, Minister of Railways, and William Templeton, Minister of Inland Revenue, also went down to defeat.

The Ministers who survived the landslide are: William Pugsley of New Brunswick, Minister of Public Works; Charles Murphy of Ontario, Secretary of State; Frank Oliver of Alberta, Minister of the Interior; Premier Laurier; Rudolph Lemieux, Minister of Marine and Fisheries, and Dr. M. A. Blain, postmaster in the province of Quebec.

OTHERS SAFE.

A. R. Aylesworth, Minister of Justice, did not seek re-election, as he had decided to retire from public life, and Sir Richard Cartwright, Minister of Trade and Commerce, who is a member of the Canadian Senate, was not required to go before the electors.

Jacques Bureau, Solicitor General, who was regarded as a semi-member of the administration, also was defeated.

Although the majority of seats won by the Conservatives is over half a hundred, the popular majority against the government and reciprocity is even more overwhelming. Where Liberal seats were retained or won from the opposition it was generally by an exceedingly small margin. The Conservatives everywhere were returned by majorities larger than have ever before been given in a Canadian election.

OLD THEORY DESTROYED.

Even the prairie west, which was supposed to desire reciprocity above all other things and where American settlers have gone in large numbers, did not go unanimously for the government.

It has been an axiom in Canadian politics that no party could succeed without a majority in the province of Quebec, but today's voting destroyed this theory, for the government, though defeated, retained a majority in Quebec. Many who believed that the Conservatives would win expected the majority to be comparatively small, and the result would be that the French Nationalist group of the opposition would hold the balance of power and that Henri Bourassa, their leader, would seek election in some constituency within a short time and make his appearance in Parliament to direct them. If this had been the case they would have counted on

MINIMIZE NATIONALIST.

The splendid majority obtained by R. L. Borden in the West will make him practically leader of the French group, for he working majority without the effect of this will be to minimize Nationalist party, which Mr. Borden has been creating for eight years.

The great Conservative force which has been sent to Mr. Borden by the province of Ontario is certain that this province will dominate Canadian affairs for time to come. The retirement of public life of Sir Wilfrid Laurier, nearing his seventieth birthday, will be announced, and Liberal members of Parliament remaining called upon to choose his successor.

The defeat of so many Cabinet Ministers makes it difficult to foresee upon whom the choice will fall.

BORDEN CERTAIN OF FL.

Among those who may find as Ministers in the new administration are A. S. G. Gendreau of Columbia and Robert Edgar, Minister of Public Works.

Manitoba provincial government. Despite reports to the effect from Halifax, Conservatives claim to have absolute information that Mr. Borden has been elected by a small majority, though he has been elected with a large margin. If a final count for Ontario and the rest of the country any one of a hundred members of the Conservative representation in Canada would resign to give seat.

MISSOURI CASE STANDS.

Its Action Against International Harvester Will Not Be Affected by the Proposed Reorganization.

(BY A. P. NIGHT WIRE TO THE TIMES.)

JEFFERSON CITY (Mo.) Sept. 21.—At the request of the department of Justice, Attorney-General, mailed to Washington today a copy of his statement, brief and sworn in the State's case against International Harvester Co. The company has been accused of violating the Missouri anti-trust law by a commissioner who has the evidence and the case was admitted to the Supreme Court April.

The proposed reorganization of the International Harvester Co. to conform to recent interpretation of the Sherman anti-trust law will not affect the Missouri case, the attorney-general said.

"The Harvester company was organized in the same manner as Standard Oil Company of New Jersey and its organization cannot stand the face of the decision of the supreme court of the United States that case.

"The ouster suit was brought in the common law and the Missouri anti-trust law which is broader than the Sherman law."

CONFERENCES WITHOUT RESULTS.

French and German Ambassadors Considering Moroccan Question—Press Becomes Optimistic.

(BY A. P. NIGHT WIRE TO THE TIMES.)

BERLIN, Sept. 21.—The German Minister of Foreign Affairs, Herr Kiderlen-Wachter, and the French Ambassador, M. Cambon, conferred again today on the Moroccan question regarding the economic state of Morocco, further progress toward the settlement of which is reported. The newspapers are highly optimistic.

A report from Tangier that some German detachment had been sent to Agadir, Morocco, was denied locally here today.

HOPING FOR SETTLEMENT.

(BY A. P. NIGHT WIRE TO THE TIMES.)

PARIS, Sept. 21.—The interview that the French Ambassador in Germany, M. Cambon, had with the German Minister of Foreign Affairs, Herr Kiderlen-Wachter, yesterday confirmed the French impression of the conciliatory disposition of the German government and heightened the prospects of an early arrangement regarding Morocco.

LAURIER ON HIS OVERTHROWING.

(A. P. NIGHT NEWS REPORT.)

MONTREAL (Can.) Sept. 21.—Sir Wilfrid Laurier said tonight: "There is no doubt we have been defeated. I regret we have been unable to carry reciprocity, which I believe would have been a material advantage to Canada. However, the country has spoken. We must bow to the inevitable and I cheerfully do so. I shall lay down office tomorrow."

From the Chronicle.

SENSE OF HIS VETOES MADE BY THE PRESIDENT.

Taft Charges Bad Faith on the Part of Democrats and Inaugurates Who Undertook to Revise the Tariff With "Blacksmith Tools" and in Advance of the Work of the Tariff Board.

(BY A. P. NIGHT WIRE TO THE TIMES.)

MAZOO (Mich.) Sept. 21.—Taft brought to a close his tour of the four-day swing through Michigan tonight and headed for the White House in the last day in Michigan found him speaking and visiting in Rapids, Battle Creek and Kalamazoo.

President Taft's address was one of the most important of his tour, and his veto of the wool, cotton and farmers' free list bills; in fact, he talked of reciprocity in the annexation of the Hawaiian Islands and the day with a speech and arbitration.

Very town visited there were very large crowds eager to see the President. In Kalamazoo, he was met everywhere through the State. In Battle Creek the President talked the largest crowd so far on his tour.

President's speech at Battle Creek was the first he has made on the subject since the Canadian parliament prorogued several months ago.

"We want to annex Canada," said the President. "Gentlemen, my experience in government has taught me that we have territory enough without our borders. I can say for the talk that the trade treaty with Canada is 'boon'."

President said he favored the free list of the wool, cotton and farmers' free list bills, and wished to see free trade with the Dominion.

President left tonight for Pelee, where he will spend tomorrow.

INDIAN RETURNS FOR THE PRESIDENT.

MAZOO (Mich.) Sept. 21.—Taft was much surprised here as to what effect the result of the Canadian election will have upon the reception in the Indian and agricultural States which he will visit, and where he has been bitterly opposed because of his policy of reciprocity.

President's present here in Michigan is the first since he left the White House. He did not appreciate the play of his countenance as the little white slips of paper containing Associated Press bulletins were passed to him.

Taft proved a good loser, however, when he spoke his words of sympathy and good wishes for the future of the Dominion. He spoke in a happy vein for minutes preceding his more serious discussion of the arbitration of the boundary dispute.

President had confidently predicted to his friends that reciprocity with Canada. He had returned from discussing the issue in his public utterances while the campaign was on in Canada despite the fact that he had been in Battle Creek, however, the assurance that what he might say could not be misinterpreted, inasmuch as the Canadian were about to close. Mr. Taft said into a speech in which he spoke with the confidence of one who believed victory was in sight.

President Taft was deeply chagrined when the annexation of the Hawaiian Islands was brought into the discussion of reciprocity and believes it had much to do with his decision in Canada. He said in his speech at Battle Creek today took occasion again to state his belief, as he has at frequent times in the past.

TOES OF REVISION BILLS DEFENDED.

MAZOO (Mich.) Sept. 21.—President Taft made his first speech in his western trip on the tariff and his wool, cotton and farmers' free list bills here today. The President attacked the Democrats and "insurgent" Republicans in the Senate who have vetoed the bills through their own course in vetoing them. He declared that he was unalterably opposed to revision of the tariff except information secured by the tariff board. He defined clearly his own position with regard to revision and said it is plain that even if political expediency dictated in the face he would not alter his policy. The President declared that revising the tariff with "blacksmith tools" and in advance of the work of the tariff board would lead inevitably to a revision of feeling and a recurrence of high tariff rates and the "old system" of high tariff rates.

TO STOP THE MOVE. "This" said the president, "I would not do and so far as I can, with the power given me by the Constitution, I propose to stop such a movement and secure a reduction in accordance with the provision of the Republican platform. If that policy is not approved by the electorate, then, of course, those of us who are now in office must give way to men who will carry out a different policy, but while I am in office, my position ought not to be understood."

hear him. Mr. Taft said he ought to take his hat off to such a throng, but requested permission to wear it. Assent was given with a cheer.

During his tour of the city the President stopped several times to greet crowds of school children, at times climbing out of his machine. AROUSED EARLY. President Taft was aroused early to enter upon his fourth busy day in Michigan, the Grand Rapids programme calling for every minute of his time from the arrival of his special car at 6:40 until his departure for the southern part of the State at 1 o'clock.

The President was greeted at his camp by a reception committee headed by Senator William Alden Smith. Automobiles were waiting to take him to the Country Club, where breakfast was served, a large party of leading citizens being present. No time was given at the club for the President's favorite pastime, golf, although the links are closed among the finest in the country and quickly drew Mr. Taft's eye.

Following the luncheon, the programme included an automobile run to the Michigan State Soldiers' Home at 9:40, a speech there, and an automobile drive back to the city, a speech to an open-air mass meeting in Campau Square at 11 o'clock, the principal address of the day; a fifteen-minute talk at the Central High School at 12:30, a fifteen-minute talk at the Ladies' Literary Club at 12:40, and departure for Battle Creek at 1 o'clock.

THE PRESIDENT'S SPEECH ON THE TARIFF VETOES.

Following is the full text of President Taft's speech in Grand Rapids, Mich., on the veto of the wool, cotton and farmers' free list bills:

My Fellow Citizens: I am going to tell you in as simple a way as I can, why I vetoed the three tariff bills which Congress submitted to me for signature. I called the session to secure the enactment in law of the Canadian reciprocity treaty. This was done on July 1. Thereafter, the wool bill, the free-list bill, and the cotton bill were presented to me for signature. I returned them, without my approval, and explained my reasons for so doing in a special message on each bill.

What I say here will be in large part a resume of those messages, with some additional suggestions that I deem it proper to make. I am not going to discuss the controversy except to say that the merits developed a very strong sentiment among Republicans, and, indeed, among many Democrats, that a commission or board of investigation should be appointed to make investigation into the duties concerning the dutiable articles in the tariff, and to report them in the public interest. While the public might as well be told of the probable effect of any proposed revision of the tariff in the future. It was properly felt that even when full opportunity for hearings were given as they had been by the committee of the House and the Senate, in the case of the Payne bill, the advocates of the protected interests would have the advantage over the consuming public, who would not be able to secure and present the evidence in their behalf for lower duties. It was felt that a board of investigation should be appointed to secure a just judgment. The Payne bill offered an opportunity to me to appoint a board of competent persons to assist me in the administration of the tariff, and especially of the maximum and minimum laws of that act; and the revenue laws were of sufficient latitude to enable me to direct this board to make a "glossary" of the tariff rates and a kind of encyclopedia which would furnish a guide to the understanding of the tariff, and also to proceed to determine the comparative difference between the cost of production of dutiable articles under the various tariff schedules in this country and abroad.

TO COVER EXPENSES.

At the extra session of 1909, Congress had given me \$75,000 which I could spend for this purpose; at the regular session of the same Congress, the Sixty-first, the appropriation was enlarged to \$250,000, to cover expenses down to July 1, 1911. Meantime, the movement for a permanent tariff commission or board to determine these general purposes acquired great momentum. Business associations the country over united to form a special society for the promotion of such legislation, and the campaign for it was carried on with both Houses of Congress. I gave the project as strong support as possible, and made a number of public addresses in support of it. I also gave my personal recommendation of the plan in a congressional message. The Republican conventions of twenty-eight States adopted resolutions strongly advocating a statutory Tariff Commission, and deprecating any future revision until needed evidence had been gathered and impartial conclusions drawn as to the facts upon which such revision could be properly made. I quote the resolutions from Ohio, New York, Wisconsin, Iowa and Kansas:

Ohio: Recognizing inequalities due to changing conditions or that otherwise may be found to exist, Congress has provided for a board, with an ample appropriation, for the investigation of the differences in the cost of production at home and abroad, so that a fair rate may be ascertained and a fair return thereon may be secured. It is suggested that President Taft, for a tariff board, it affords the means of still more accurately determining the difference in the cost of production at home and abroad. A Republican Congress is necessary to provide needed appropriations for this board and to secure, business and labor, that changes in rates will be made only to equalize the difference in cost of production and not to reduce rates in the free trade or purely revenue laws favored by the Democratic party.

Wisconsin: The present tariff board has no power of investigation and is not required to report to Congress. We favor the creation of a

and required to make frequent reports of the information gained to Congress. Upon the information so obtained Congress should proceed to revise the different schedules independently of each other, according to true protective tariff principles.

Of course, the Democrats recognized so much measure of protection as just, and many of them contended that such a commission was necessary to secure the facts upon which a proper tariff for revenue only could be framed. The result was that by Republican and Democratic the so-called progressive or insurgent Republicans were the most earnest in its support. A bill creating a tariff board of five, to be appointed by the President, and empowered to summon witnesses and secure their evidence under oath, was passed by the House. No more than three members of the board were to be appointed by the President, and the power to summon witnesses and secure their evidence under oath, was passed by the House. No more than three members of the board were to be appointed by the President, and the power to summon witnesses and secure their evidence under oath, was passed by the House.

REDUCED THE DUTY. This bill reduced the duty on woolens to an average of 49 per cent, with a duty on the raw-material wool of 29 per cent. The Wilson bill, passed in 1894, had reduced the duty to 50 per cent, with no duty on the raw wool at all, a much more favorable arrangement to the manufacturers than in the present bill, which was passed in 1909. It was well that conditions in the woolen business have changed so that it does not need as much protection as then; and had no adequate information, and had been furnished none upon which I could say that the bill presented to me was in accord with the Republican platform of protection.

THE TARIFF BOARD. I have gone with care this history of the movement for a tariff board in order to show how fully committed I am to the proposition that we should not add to the revision of a schedule of the tariff without accurate information as to the operation and effect of the proposed changes, and further to show that in this view I have the hearty support not only of the regular Republicans, but also, and even with more emphasis, those who call themselves "progressive" and "insurgent" Democrats.

Second, I also wish to point out that all Republicans of whatever shade are committed to the maintenance of our present tariff against the point of reducing duties on imported articles which shall equal the difference in the cost of production at home and abroad.

Third, except for the extra session called only to pass upon the reciprocity bill, the first time that the Sixty-second Congress could consider and pass upon tariff schedules would be in December, and at that time its predecessor, by consent of both parties, had fixed as the proper time at which a full report as to the most objectionable tariff schedule ought to be reported. With the money granted me by Congress I had provided a board, non-partisan, and with the same personnel as the statutory board would have had, to make a report not only upon wool, but also upon cotton.

Although many of the Democrats had assisted in the support of the statutory tariff board bill and had advocated such a means of securing accurate information in respect of the point of reducing duties on imported articles which shall equal the difference in the cost of production at home and abroad.

Fourth, except for the extra session called only to pass upon the reciprocity bill, the first time that the Sixty-second Congress could consider and pass upon tariff schedules would be in December, and at that time its predecessor, by consent of both parties, had fixed as the proper time at which a full report as to the most objectionable tariff schedule ought to be reported. With the money granted me by Congress I had provided a board, non-partisan, and with the same personnel as the statutory board would have had, to make a report not only upon wool, but also upon cotton.

Although many of the Democrats had assisted in the support of the statutory tariff board bill and had advocated such a means of securing accurate information in respect of the point of reducing duties on imported articles which shall equal the difference in the cost of production at home and abroad.

Fourth, except for the extra session called only to pass upon the reciprocity bill, the first time that the Sixty-second Congress could consider and pass upon tariff schedules would be in December, and at that time its predecessor, by consent of both parties, had fixed as the proper time at which a full report as to the most objectionable tariff schedule ought to be reported. With the money granted me by Congress I had provided a board, non-partisan, and with the same personnel as the statutory board would have had, to make a report not only upon wool, but also upon cotton.

ALL YOU NEED IS A CASCARET TONIGHT

No Sick Headache, Bilious Stomach, Coated Tongue or Constipated Bowels by Mornings.

Turn the rascals out—the headache, the biliousness, the indigestion, the sick, sour stomach and foul gases—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lax liver, clogged bowels or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse and regulate your stomach; remove the sour, undigested and fermenting food and the misery-making gas; take the excess bile from your liver and carry out the system all the decomposed waste matter and poison in the intestines and bowels. Then you will feel great.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head and cheerfulness for months. Children love to take Cascarets because they taste good—never gripe or sicken.

Some defense is made of the bill on the ground that the Committee on Ways and Means had considered it carefully in committee for a month or more, but the point is that the bill they prepared was not this bill. It is changed in all of its rates and materially changed to meet by compromise a bill that was never in committee at all, and the blending was done, as was said, with "blacksmith's tools."

THE FREE-LIST BILL. The free-list bill was called the "farmers' free list" for the purpose of giving an impression that it was passed to compensate the farmers for some sort of injury supposed to be done by the tariff. It was not, however, a farmers' bill, but a bill to reduce the tariff on agricultural implements.

THE TARIFF BOARD. I have gone with care this history of the movement for a tariff board in order to show how fully committed I am to the proposition that we should not add to the revision of a schedule of the tariff without accurate information as to the operation and effect of the proposed changes, and further to show that in this view I have the hearty support not only of the regular Republicans, but also, and even with more emphasis, those who call themselves "progressive" and "insurgent" Democrats.

I have gone with care this history of the movement for a tariff board in order to show how fully committed I am to the proposition that we should not add to the revision of a schedule of the tariff without accurate information as to the operation and effect of the proposed changes, and further to show that in this view I have the hearty support not only of the regular Republicans, but also, and even with more emphasis, those who call themselves "progressive" and "insurgent" Democrats.

Second, I also wish to point out that all Republicans of whatever shade are committed to the maintenance of our present tariff against the point of reducing duties on imported articles which shall equal the difference in the cost of production at home and abroad.

Third, except for the extra session called only to pass upon the reciprocity bill, the first time that the Sixty-second Congress could consider and pass upon tariff schedules would be in December, and at that time its predecessor, by consent of both parties, had fixed as the proper time at which a full report as to the most objectionable tariff schedule ought to be reported. With the money granted me by Congress I had provided a board, non-partisan, and with the same personnel as the statutory board would have had, to make a report not only upon wool, but also upon cotton.

Although many of the Democrats had assisted in the support of the statutory tariff board bill and had advocated such a means of securing accurate information in respect of the point of reducing duties on imported articles which shall equal the difference in the cost of production at home and abroad.

ALL YOU NEED IS A CASCARET TONIGHT

No Sick Headache, Bilious Stomach, Coated Tongue or Constipated Bowels by Mornings.

Turn the rascals out—the headache, the biliousness, the indigestion, the sick, sour stomach and foul gases—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lax liver, clogged bowels or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse and regulate your stomach; remove the sour, undigested and fermenting food and the misery-making gas; take the excess bile from your liver and carry out the system all the decomposed waste matter and poison in the intestines and bowels. Then you will feel great.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head and cheerfulness for months. Children love to take Cascarets because they taste good—never gripe or sicken.

Some defense is made of the bill on the ground that the Committee on Ways and Means had considered it carefully in committee for a month or more, but the point is that the bill they prepared was not this bill. It is changed in all of its rates and materially changed to meet by compromise a bill that was never in committee at all, and the blending was done, as was said, with "blacksmith's tools."

THE FREE-LIST BILL. The free-list bill was called the "farmers' free list" for the purpose of giving an impression that it was passed to compensate the farmers for some sort of injury supposed to be done by the tariff. It was not, however, a farmers' bill, but a bill to reduce the tariff on agricultural implements.

THE TARIFF BOARD. I have gone with care this history of the movement for a tariff board in order to show how fully committed I am to the proposition that we should not add to the revision of a schedule of the tariff without accurate information as to the operation and effect of the proposed changes, and further to show that in this view I have the hearty support not only of the regular Republicans, but also, and even with more emphasis, those who call themselves "progressive" and "insurgent" Democrats.

ASTLUM FOR PAIR TIPPLER.

Wife of San Joaquin County's Cat-
tle King, Sent Up Under New Ha-
bitual Drunkard Law.
[BY DIRECT WIRE TO THE TIMES.]

SAN JOSE (Cal.) Sept. 21.—[Ex-
clusive Dispatch.] Mrs. Emma F. Lux,
daughter-in-law of Cattle King Lux,
of the firm of Miller and Lux, was
committed to the State Hospital at
Agnew today.

Mrs. Lux, the first woman to be
committed to a State hospital under
the new law, has been in the police
court frequently, charged with being
drunk and disorderly in public places.

Of a prominent family, her inability
to keep away from intoxicants has
caused much public comment, and
she, herself, has felt her position
keenly, trying every sort of cure in
her efforts to regain control of her-
self. She has taken various courses
and just two days ago she returned
from a five-days' course in the County
Hospital.

Mrs. Lux was committed at the re-
quest of Argyl L. Campbell, her
nephew. She is a sister-in-law of for-
mer Dist. Atty. J. P. Campbell.

TO PREVENT CLASH.

Armed Soldiers Patrol Streets of
Vancouver, Wash., After a Police-
man Had Killed a Private.
[BY DIRECT WIRE TO THE TIMES.]

VANCOUVER (Wash.) Sept. 21.—
[Exclusive Dispatch.] Fearing a clash
between the soldiers of the post and
the police officers of Vancouver over
the killing yesterday of Private Harry
Llewellyn by Policeman Roy Burk-
hardt, Col. George K. McGonigle in-
sured special orders to have the streets
patrolled by military guards. Armed
men paraded the streets till a late
hour last night and the soldiers were
not allowed to disperse.

Feeling at the post is intense against
Burkhardt.

"Such a killing never would have
happened had Llewellyn been a civilian
instead of a soldier," said Lieut. Cam-
bell of Llewellyn's company. "Any
officer should have been able to over-
take and arrest a handcuffed man."

Burkhardt, who was arrested last
night, was released on \$5000 bonds,
assigned by Councilman John Rausch,
Mrs. John Rausch and Frank Van
Atta. He has been relieved from
duty temporarily, as it was feared if he
attempted to walk his beat he might
be attacked.

GOOD CHANCE FOR TEA PARTY.

Two Million Pounds of Leaf Which
Makes the Cup That Cheers Tied
Up at San Francisco Port.
[BY A. P. NIGHT WIRE TO THE TIMES.]

SAN FRANCISCO, Sept. 21.—Nearly
2,000,000 pounds of tea valued at \$500,
000, are held up at this port pending
an examination to determine whether
or not coloring substances have been
added in the process of curing. By
reason of a misapprehension of the
report of the government chemists it
was announced that 1,000,000 pounds
had been released, this quantity being
black tea which had been "faced."

Collector of Port Frederick S. Strat-
ton, however, announced today that
he had received telegrams from the
Treasury Department in Washington
that no tea containing coloring matter
should be permitted entry into the
country.

Tea importers in the East have been
wiring protests all day and threaten
to carry the question into the courts.

ANOTHER CHANCE FOR ACTION.

Third District Court of Appeals
Grants New Trial in San Francisco
Street Railway Damage Suit.
[BY A. P. NIGHT WIRE TO THE TIMES.]

SACRAMENTO, Sept. 21.—In an
opinion handed down in the Third
District Court of Appeals today, the
Superior Court of San Francisco is
directed to grant M. Wanlorek a new
trial in his damage case against the
United Railroads of San Francisco.
The opinion is a reversal of the lower
court.

In this case Wanlorek was riding on
a street car February 12, 1921, when
the controller began to burn and the
car apparently was beyond the con-
trol of the motorman. Wanlorek
jumped from the car, and was injured.
Subsequently, he brought suit for
damages. The jury in the lower court
found against him and the lower court
denied a new trial. He then appealed
on the ground that the court erred in
refusing to give one of the instruc-
tions he requested to the jury.

The appellate court holds that the
instruction should have been given
and also that certain evidence ad-
mitted was inadmissible.

FUGITIVE IDENTIFIED.

Man Who Escaped From the Stock-
ton Asylum Two Years Ago Arrested
for Murder in New Orleans.
[BY A. P. NIGHT WIRE TO THE TIMES.]

STOCKTON, Sept. 21.—Dr. Fred P.
Clark, superintendent of the Stockton
State Hospital, received word today
which establishes beyond doubt the
identity of M. J. McCormick, arrested
in Louisiana a few days ago, as the
man who two years ago escaped from
the hospital here, and who was con-
sidered a dangerous patient over-
held in that institution. McCormick
was confined here after having been
up with dynamite a Santa Fe freight
caboose, injuring a conductor. He was
also connected with several attempts
to dynamite Santa Fe property near
Death Valley.

Dr. Clark received a letter from Mc-
Cormick several weeks ago requesting
that his personal effects be sent to
him in New Orleans. A few days later
news of the arrest of McCormick was
received here. During another in-
sane spell he attempted a murder. He has
pleaded guilty and will undoubtedly be
sentenced there.

GOLD FROM THE SEA.

Divers Bring Up Wealth from
Wreck of the Ramona, and Also
Some Canned Salmon.
[BY A. P. NIGHT WIRE TO THE TIMES.]

SEATTLE, Sept. 21.—Divers have
recovered \$150,000 in gold from the
wreck of the steamship Ramona,
which foundered on Spanish Island,
Alaska, recently. They also brought
up some of the baggage and mail,
and a portion of the cargo of canned
salmon. The ship is broken in two
and is a total loss.

Change of Time—Salt Lake Route.

Effective Sunday, September 24, Salt Lake
Route local trains for San Bernardino and
intermediate stations will leave Los Angeles
daily at 7:15 a.m., 8:15 a.m., 11:01 a.m., 2:44
p.m. and 5:15 p.m. No change in overland
trains. Beach express, San Pedro,
Long Beach, making all stops, will leave at
10:00 a.m. daily. Los Angeles, San Pedro,
Long Beach, making all stops, will leave at
5:15 a.m. and 5:00 p.m. See timetables.

Slips a Cog. TRUSTIES ABUSE OREGON SYSTEM.

Honor Among Thieves; Not
Among Convicts.

Four Flee Penitentiary When
Good Chance Offers.

State Without Funds to Get
Man Hunt Started.

[BY DIRECT WIRE TO THE TIMES.]
SALEM (Or.) Sept. 21.—[Exclu-
sive Dispatch.] Four more prisoners
have taken French leave of the peni-
tentiary this week and it is more
than likely they will not be returned,
since there is no fund on hand with
which to send out special agents to
capture them. All of the escaped
men were trustees under Governor
West's "honor system."

Harry Baird and Walter Willard,
two "trustee" teamsters, escaped yester-
day and left no clew for the authori-
ties to follow.

Baird and Willard were driving
teams when the time arrived to
"count in" in the prison chapel and
then it was found they were missing.
The teams were standing near the
barn, harnessed, and no trace of the
two drivers could be found by the
officials after a diligent search about
the institution and the city.

Max Hacker, sentenced to one year
from Umatilla county for obtaining
money by false pretenses, was missing
when this evening's count was made.
Hacker was employed as a trustee in
the cattle yards.

George Davis, the first of the quar-
tette to go, escaped Sunday night.

UNDOING SCHMITZ'S WORK.

Horse Cars Barred From Lower
Market Street, and San Francisco
Begins to Look Up.

[BY A. P. DAY WIRE TO THE TIMES.]
SAN FRANCISCO, Sept. 21.—One
of the main obstacles to the comple-
tion of the new municipal Geary-street
railway to the Ferry terminus was re-
moved today, when Superior Judge
Seawell held that the United Rail-
roads, through its subsidiary Sutter-
street company, had no franchise to
run horse cars on lower Market street.

The city and the United Railroads
have been struggling over the posses-
sion of the outer of the four tracks
on lower Market street several years.
Through an accident, no reference
was made to these outer tracks in
the "blanket" trolley franchise given
by the San Francisco Board of Supervisors
to the United Railroads in 1906.

When it was discovered that the or-
dination had been made, the city offered
the company a trolley permit for the
outer tracks on condition that the
Geary-street road also be allowed to
use the rails. The company refused
and put on horse cars.

The court now holds that horse
cars are not a part of the continuous
service conditions laid down in the
old franchise, since the remainder of
the line is electric. This leaves the
Sutter company, which controls the
outer tracks, without any legal status
on lower Market street, and clears
the way for the city acquiring access
to the ferry terminal.

ICE IS FORMING.

IN YUKON TRIBUTARIES.

Claim-Jumping.

SETTLERS AND LUMBERMEN
WAR OVER UKIAH REDWOOD

[BY A. P. NIGHT WIRE TO THE TIMES.]

UKIAH (Cal.) Sept. 21.—Open war
is on between settlers on Alder
Creek, near here, and lumbermen
of a lumber company, over rights to
thousands of acres of the finest red-
wood timber country in the State.

Already settlers have been dispos-
sessed and their cabins have been
burned. They assert that the pres-
ence of armed men in the vicinity is
due to the lumber interests, and de-
clare that eighteen more summer
men have been summoned from San Fran-
cisco.

Bud Fitch, Byron Bishop and Frank
Iverson are among the settlers who
were chased from their claims and
whose cabins have been burned. They
have returned to their claims and are
camped out, awaiting further attack.

Trouble started over a ruling by the
Department of the Interior that the
lumbermen cannot protect their scrip
claims unless by affidavits showing
that there are no settlers on the land,
and no improvements. Photographers
have been employed by some of the
settlers to take pictures of their
cabins and fences, to be used as evi-
dence in case both are destroyed and
the settlers are driven out. One of
these declared that men connected
with the lumber interests offered him
\$50 for his negatives.

Discouraged

The expression occurs so many times in letters from
sick women. "I was completely discouraged." And there
is always good reason for the discouragement. Years of
pain and suffering. Doctor after doctor tried in vain.
Medicines doing no lasting good. It is no wonder that
the women feel discouraged.

Thousands of these weak and sick women have found
health and courage regained as the result of the use of
Dr. Pierce's Favorite Prescription.

It establishes regularity, heals inflammation and ob-
struction, and cures weakness.

IT MAKES WEAK WOMEN STRONG
AND SICK WOMEN WELL.

Relieve substitutes offered by unscrupulous druggists
for this reliable remedy.

Sick women are invited to consult by letter, free. All correspondence
strictly private and carefully confidential. Write without fear and without
cost to World's Dispensary, R. V. Pierce, M. D., Pres't, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, bowels and
bladder. Better results, they produce, than any other medicine.

The Beautiful Hair That Artists Admire

(American Art and Artists.)

"Many a model's hair is ruined by soap
and water. Have you not often seen long
and glossy tresses deteriorate from the
ideal 'crowning glory of woman' to a
faded, coarse, matted mass?"

"A portrait painter of renown advises
his subjects to use only a dry shampoo
before sittings. The best shampoo pow-
der is easily made in the studio or at
home. Put a half pound of corn meal in
a jar, add four ounces of amontone and
stir well. Sprinkle a tablespoonful over
the hair and then brush it out thoroughly.

"Corn meal cleanses the scalp and hair
roots, removing every particle of dirt, oil
and dandruff, and amontone makes the
hair beautifully soft, fine and glossy, with
the natural color heightened. It is said
there is no better hair grower than Am-
tone."

of the Yukon and Tanana rivers, and
the big streams will be closed to
navigation about the end of Septem-
ber, except the upper Yukon, between
White Horse and Dawson, which will
be open probably until the middle of
October. The last boat left Fairbanks
for Dawson today. Great quantities
of freight are being rushed to Dawson
over the White Pass Railroad to
carry the Yukon camps through the
long winter.

MINISTER ACCUSED.
COMMITTEE TO INVESTIGATE.
[BY A. P. NIGHT WIRE TO THE TIMES.]

SALEM (Or.) Sept. 21.—The
Oregon conference of the Methodist
Episcopal church has appointed a
special committee to investigate
charges preferred against the Rev.
John Parsons, for three years su-
perintendent of missions in Alaska,
with instructions to report tomorrow.
Dr. Benjamin E. Young and the Rev.
Mr. Gould of Portland were appointed
to defend Parsons.

MAIL BAG STOLEN.
THIEVES TAKE CHANCES.
[BY A. P. DAY WIRE TO THE TIMES.]

STOCKTON, Sept. 21.—Following
the arrival of the Southern Pacific
overland, No. 10, stopping here last
night en route to Ogden from San
Francisco, a mail bag which had been
hastily deposited in the baggage-room
was stolen and taken to an isolated
part of the city, where it was rifled. The
baggage-room and surroundings were
brilliantly lighted and a large force
of railroad employees were at work
when the bag was taken, the thieves
working during the confusion of the
train's arrival. The value of the bag's
contents cannot be estimated for sev-
eral days.

SLOPE BRIEFS.

Wife Leaps From Motorcycle.

OAKLAND, Sept. 21.—[By A. P.
Day Wire.] While riding a motorcycle
in tandem with her husband, Mrs. F.
B. Shear became frightened this morn-
ing and jumped from the machine di-
rectly in front of an east-bound Hay-
ward-street car near Fruitvale avenue.
She sustained a possibly fractured hip
and internal injuries.

Peddler Comes Back Rich.

STOCKTON, Sept. 21.—[By A. P.
Night Wire.] H. E. Penlason, formerly
a peddler of Stockton, after two years
absence in Alaska, has returned with
\$32,000 to his credit and declaring he
will work no more. Penlason declares
he prospected in Alaska, with little
luck until he bought a cheap claim and
sold it to two capitalists for \$32,000.

Mrs. Mary Morton.

OAKLAND, Sept. 21.—[By A. P.
Day Wire.] Mrs. Mary Morton, mother
of Henry Morton, a prominent mer-
chant of this city, died today, after an
illness of three days. She was born
on December 25, 1816. She was a wom-
an of large philanthropy and promi-
nent in church circles.

Women's \$3.50 Black Satin Boots For Fall \$2.85

Fashion says that black satin for fall is to be one of the correct things. We were doubly fortunate in picking up two big lots of black satin boots made to retail at \$5. These were made for Blyn & Son of New York, but owing to trade reasons the order was cancelled and our buyer was fortunate to secure the line. They are made with plain toe, high arch, medium heel and welt sole. We marked them \$2.50, but to make an extra big day we offer them at \$2.85 a pair.

Children's and Misses' \$2 and \$2.50 Shoes \$1.69

Good school shoes in rich kid, patent tip and lace style. Lines we've been selling regularly at \$2 and \$2.50 and are good wearing school shoes. You may take your choice of them today at \$1.69 pair.

The Prettiest Hats We've Ever Shown

Eyes have opened in astonishment at the marvelous proportions of this Millinery Exhibit—at the extensive style range.

Simplicity in every line—many copies of imported hats with just that added practical style touch that makes them even more favored than the original Paris models. Broadway millinery has won a place in the hearts of Los Angeles women because of style supremacy, coupled with economical prices. See them today.

BRADFORD'S BREAD

The only bread "just as good" as Bradford's is another loaf of the same. Housewives who have tried various breads invariably return to Bradford's. Its superior qualities are all its own. Have your grocer send you a loaf of Bradford's Bread TODAY.

Fall Suits for \$15

Genuine \$30 values, all of them. Never have we made as remarkable an offer as this one. We will positively guarantee that you cannot equal these suits at any other tailor's in the city, for fabric, for fit, for style or for workmanship for less than \$30.

She'll Be Hobbled—Gartered—Gaited.

Miss Georgia Caine.

A charming eastern actress who has found a way to use the hobble skirt without risk to life or limb, and who lets other women into the secret—simple enough, when you get the idea.

ACTRESS SOLVES A HOBLE STRIDES.

GARTERS—WITH ELABORATIONS—LET HER STRIDE.

Clever Footlight Favorite Finds Way to Banish "S. R. O." Sign from Fashion's Tight Skirts—Solution Simple, Yet Intricate, Until You Catch the Idea.

NEW YORK, Sept. 21.—[Exclusive Dispatch.] Get out that hobble skirt, if you have not already made it into a dusting cap or slipper bag—for you can wear it with safety now. That is, if you equip it with the latest link in hobble skirts—the hobble garter.

Never seen a hobble garter? Well, they haven't been on exhibition much. But you may see one when Georgia Caine, the actress, puts on the one she is going to wear.

Miss Caine was busy rehearsing a new piece today, but she took the time to elucidate on her addition to the "S. R. O." skirts.

"The idea mine? Well, hardly; they've used it on race horses. Oh, no, not the kind I wear," Miss Caine hastened to explain. "But the principle is the same. You know, the chief drawback (got that, draw back) to the hobble skirt is its danger to the wearer. One step a little too long, or eager, and over you go. Or it was a light gown—rip, and your knee would go through."

"Just like baggy trousers, that's it. Tailors somehow couldn't get on to pressing hobble skirts, and women became tired of wearing those ugly things that heaved at the knees every time they set down. And one can't ride on the street cars continually, you know."

GARTERS! GET THIS! "My hobble garter is being made into the gown. Ordinary garters are tucked on to the inside of the skirt at the knee, and these are connected with a strong elastic. The elastic has been measured—well, rather gauged, I would say—to the limit of my step. The hobble garter will permit me to walk, but it will prevent me from becoming excited and taking a step past the limit."

COMING OUT PARTIAL.

Candidates for Various Offices in Arizona Under Statehood Making Themselves Known.

PHOENIX (Ariz.) Sept. 21.—[Exclusive Dispatch.] Territorial Secretary George U. Young today made known his candidacy for the office of Governor in a letter addressed especially to independent voters and comprising a platform upon which he will make his campaign. Other possible candidates for Arizona, E. S. de Paz, secretary of the present Railway Commission, also will be candidates.

CONGRESSMAN RALPH H. CAMERON AND HOWARD A. SMITH WILL ESTABLISH HEADQUARTERS HERE AT ONCE FOR THEIR SENATORIAL CAMPAIGN.

DOUBLE-BARRELED JOKE THIS.

Seattle Police Captain Mistakenly Heir to Millions, Visiting City Jail, for One of Inmates.

SEATTLE (Wash.) Sept. 21.—[Exclusive Dispatch.] If you are worth pointed mission in life to smile your way into the dark places and leave food and money and things with those who needed them and if you had gone up into the City Jail to carry a bit of happiness and the joy of living to unfortunate women, and were last stepping out of the jail

looking captain of police grabbed you roughly by the arm and demanded: "Who threw you in here? Would you faint, or die, or run like a hare?" But history and Mrs. Margaret Dehan—who as matron of the women's ward in the city prison some time helps history not a little bit—both have it that when all of this happened to Miss Caroline Denny, who is a millionaire, Miss Denny merely uttered: "It was the matron who nearly fainted."

"Oh," gasped Matron Dehan. "Oh, what?" demanded the captain. "Wait until I get my breath," pleaded Matron Dehan.

"While you're getting it I'll show this here woman to the force. How'd the get in and what for?" demanded the captain.

And then Matron Dehan, having recovered her vagrant breath, whispered in the captain's ear.

Now, by all the rules, that captain should have gone through the floor, but he was not that kind of a captain and the last thing Matron Dehan heard as he led Miss Denny forth on his good right arm, was: "And now, Miss, would you like to meet the Mayor?"

"He was certainly a very gallant officer," admitted Miss Denny. "It was really my fault. I should have made myself known at once."

OLYMPIC BACK AT DOCK.

Great Liner, Voyage Cut Short by Collision, to Undergo Repairs Consuming Many Months.

SOUTHAMPTON, Sept. 21.—The White Star liner Olympic, which was damaged yesterday by collision with the British cruiser Hawke, left today for the United States, but her voyage back to the dock here, which she had left less than twenty-four hours before on a voyage to New York.

The passengers, who had spent a comfortable night aboard, lined the rails. Special trains were waiting for the first and second cabin passengers, a majority of whom were going to London to await the sailing of other vessels on which the company had obtained accommodations for them. It is expected all of these will get away within ten days. Repairs to the Olympic will be made at Belfast and will require several months.

CATCH ANOTHER BOAT.

CHEROKEE, Sept. 21.—Some of those who had booked passage on the steamer Olympic from this port found accommodations on the Kaiser Wilhelm II, which sailed today for New York. These included Charles Page Bryan, recently appointed American Ambassador to Japan, and Mrs. Stephen B. Elkins and Miss Elkins.

WINERY IS BURNED.

Eisen Plant, One of the Oldest in Central California, Is Destroyed by Fire.

FRESNO, Sept. 21.—Fire late this afternoon completely destroyed the Eisen winery, located six miles east of this city. The loss is estimated at \$150,000.

The winery was the oldest in the county, the original building having been erected in 1876 by Francis Eisen, the pioneer vineyardist of this valley. The flames started from an explosion caused by the flame of a lamp coming in contact with sherry fumes when a Chinese employee was engaged in racking sherry. The flames were seen for many miles around. Only the distillery and engine room were saved. Two years ago the plant was remodelled by the California Wine Association at a cost of \$10,000. It was the property of the Eisen estate.

TARIFF DEFENDS

(Continued from Second Page.)

articles which by interpretation might be made to include 150 different articles used on the farm, but used in other vocations also. And these articles—the hammers, the tools, the cutlery, and the machinery of various kinds—are made durable under the metal schedule. To admit them under this clause would be to destroy entirely the symmetry of the metal schedule and produce such a confusion as seriously to interfere with the administration of the tariff act.

Another clause provides for the admission of barbed-wire fencing free, and then all wire and other material which could be used for fencing, and includes wire rods and wire rope. To let in barbed-wire fencing alone would be unimportant to producers, but the framing of the amending clause is such that if it were to go into law it would have serious effect upon the metal schedule and would utterly destroy the principle which was followed of duty some of the most important wrought articles under the metal schedule not used by farmers at all. Then there is a clause admitting jute and cotton baling twine, and materials from which made, which would allow common cotton cloth to come in free for any purpose, although under the cotton schedule, even as proposed to be amended by the Congress, cotton cloth is to pay a certain amount of duty. The bill also put boots and shoes of all kinds on the free list. It did not put on the free list, except some kinds of leather, the materials which went into shoes. In other words, it put on the free list the finished product and continued the tax on raw materials. This would be sure to burden our manufacturers that its justice must appeal to everyone. The fact is that under the Dingley bill imported shoes were taxed 25 per cent. ad valorem, while in the Payne bill the duty was reduced from 25 per cent. to 10 per cent. No evidence was taken as to the effect this putting of shoes on the free list would have on the very highly important shoe industry of the country, and as it violated the first principles of justice in a tariff, namely, of putting the finished product on the free list and the raw materials, it did not and could not commend itself to one who was pledged to the support of a moderate protective tariff.

SOMETHING FOR NOTHING.

Finally, the free list has two clauses affecting meat and flour. As they went through the House they put meat on the free list and flour on the free list. In the Senate, however, an amendment was put on limiting the operation of these two clauses to imports from those countries with which we have a reciprocal relation and which admit agricultural products of ours free. This limitation made Canada the only country which would be affected by the provisions of the new law. In our negotiations with Canada for reciprocity we attempted to secure free meat and free flour. Canada would not consent to our competition with her meat and flour. This showed that importations of meat and flour from Canada without duty would not have any effect to lower the price in this country of either in normal times. But this free-list bill was given to Canada something for nothing. This Congress at the close of the act approving the Canadian reciprocity agreement directed me to continue negotiations on these terms, and yet in these provisions it proposed to deprive me of using the concessions of free meat and free flour to secure concessions from Canada. Thus the bill was so loosely drawn, it was drawn on such a wrong principle, and while it was in the House it purported to do so many things which it did not do, that I had no hesitation in voting it.

WINS BY GENTLENESS.

After One Man Filled With Gun to Capture Rich Indian Maid, His Brother Succeeded.

TACOMA (Wash.) Sept. 21.—[Exclusive Dispatch.] After his brother had tripped twice with a gun, and not only failed but drew seven years in prison for his efforts, Tom L. Anderson, aged 24, a Hawaiian, used gentler methods to win the heart of Grace Stanup, only surviving daughter of the late wealthy Chief Peter Stanup of the Puget Sound. Tom won, and the couple were married today. The girl is 19 and worth \$40,000.

John Anderson, Tom's brother, tried in 1909 and again in July of this year to make the girl marry him. The first time he was given two years in the Monroe Reformatory, the second time he got five years in Walla Walla.

TACOMA'S CENSUS.

TACOMA, Sept. 21.—That new investigation of the alleged Tacoma census padding will be brought before the Federal grand jury in a more comprehensive manner than before, is believed from the arrival today from Washington of several hundred portfolios of the Tacoma census, which were removed to the Federal building. Special Examiner Beal arrived from Washington today and will aid, it is said, in presenting the case to the grand jury.

THE CHEMICAL SCHEDULE.

Senator Williams, a Democratic member of the Committee on Finance of the Senate, objected to this method of adopting a most important schedule. The chemical schedule is the first schedule in the list. It has eighty-five items, and of these sixty-six have specific duties. It affects many millions of imports. Nevertheless, the bill went through, and it went back to the House and was submitted to two days' examination by the Ways and Means Committee of that body.

Then it passed the House under a rule that permitted no amendments, whatever. I had the bill examined by experts, especially with respect to the chemical schedule, and in the very short time I had, I found the greatest confusion produced by the amendment. Upon a number of the articles the reduction was greatly more than the proposed 25 per cent. reaching in some cases 75 and 100 per cent. and on other articles, instead of being a decrease, there was an increase all the way from 5 to 100 per cent. The bill was supposed to be a concession to the North Carolina cotton interests, and to be intended to cheapen the bleaching, dyeing and coloring materials needed in the textile industry.

Our Gas Is All That We Advertise It To Be—A First-Class Product of Unequalled Quality.

bill as amended was that instead of reducing the duty on bleaching powder 25 per cent. it increased it 40 per cent. But even a more serious defect in the bill was in those changes affecting the alcoholic compounds contained in four or five items, in respect to which in the Payne bill and in all previous tariff bills, in order to prevent the use of these items to import alcohol at a small duty, compensatory duties had been imposed of about 40 cents a pound, or \$4.00 a gallon. Under the provisions of the new bill, these alcoholic compounds and articles containing alcohol would come in at a duty, making the tax on the alcohol from 8 to 10 cents a gallon, while the internal revenue tax on alcohol in this country is \$1.10 per proof gallon, and the duty imposed on it as an import is \$2.00 a gallon. The opportunities for the introduction of cheap alcohol and the danger of evasion, or the breaking down of the internal revenue law by such a change in the chemical schedule, I need hardly elaborate. The bill was impossible and of course I voted it. There was in the passage of the bill, in the amendments, and in the general treatment of the bill, an explanation of the desire to make a political record in favor of lower duties than upon a serious proposal to change the law. At least this is the only explanation that is offered of the careless, inartificial, and altogether unsatisfactory character of the three bills.

Considerable detail in order that my position with respect to these bills and the general treatment of the tariff may be understood. I am in favor of the reduction of the tariff wherever it can be done and still give a living margin of protection to those industries of the country that need it. But I insist that we reach no point in the history of tariff making where one ought to realize that the tariff should not be changed and business disturbed, except upon information which shall enable us to pass bills that will disturb it least. Our whole business system rests upon the protective-tariff basis. The real hope of men who are in favor of lowering duties is to reduce the policy of securing accurate information to keep the tariff rates down as low as possible consistent with the life of the business protected. The natural operation of the tariff under these conditions is to Americanize the cost of production, and that in itself will secure, if we adhere to the policy, reduction of the tariff rates from time to time; but to cut them now "with blacksmith's tools," is to invite in the next two or four years a revolution of feeling, and then a recurrence of higher rates and the old system of high tariff. This I would pre-empt, and so far as I can with the powers given me by the Constitution, I propose to stop such a movement to secure a reduction in accordance with the principles of the Republican platform, and on information accurate and impartial. If that policy is not approved by the electorate, then, of course, those of us who are now in office must give way to men who will carry out a different policy; but while we are in office our position ought to be clearly understood. We follow this policy not only because we are pledged to it, but because we believe it right, because we believe that a full discussion and a clear perception on the part of the people will convince them ultimately to approve and adopt it.

Look After Your Health

If Your System Is Kept Toned Up You Will Escape Many Diseases That Find Easy Victims Among Pale, Debilitated People.

Enough disease germs enter the average human body every day to cause death if the healthful organism did not combat these germs and render them harmless.

Let the human system become run down, or debilitated and this power of resistance to disease is weakened. So the disease germs get the upper hand, an acute sickness follows and the patient becomes a chronic invalid.

It is in the blood that the battle to maintain the health is fought. Keep the blood toned up, the bowels open and serve ordinary care as regards food and rest and you avoid much sickness.

Debility is not a recognized disease but is a condition which the sufferer cannot get a good night's sleep, wakes all tired out, has no strength or ambition, is nervous, has poor appetite, has trouble with the stomach and is subject to headaches and backaches. It is most commonly met with in people who have to work hard, are confined indoors, improper food or have worries and grief.

Mrs. Norris Cook, whose address is Box 100, R. F. D. No. 3, Ottawa, Kan., says: "I was generally run down from hard work. I suffered from headaches, which would last for three days at a time, and when they came I would have to give up all work. There were such sharp, knife-like pains on my side that I could not take a long breath without it hurting me. I was for a day or so and then became worse again. This was my condition three years or until I began taking Dr. Williams' Pink Pills for Pale People. They gave me a good color and I gained 15 pounds in weight. The pains have left me and I am not the least bit nervous. Dr. Williams' Pink Pills are the only thing that helped me."

Dr. Williams' Pink Pills for Pale People are a general tonic and have cured such blood and nerve diseases as anæmia, rheumatism, after-effects of the grip and fevers, eczema, neuralgia, sick headaches, St. Vitus' dance and other troubles. They cure stomach trouble by building up the blood so that it can nourish and strengthen the weakened digestive system. Hundreds of cures in most severe cases entitle the treatment to a thorough trial.

Dr. Williams' Pink Pills are sold by all druggists, or by sent postpaid, on receipt of price, 50 cents per box; boxes, \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

—Another Word of Welcome to the Complimentary Musical Festival In Progress This Week Celebrating the Opening of Barker Bros. New Piano Rooms

—Those who have visited our new piano rooms agree with us that the acquiring of these new facilities means much to the music lovers of Los Angeles. Yesterday's splendid recital and those to follow today and tomorrow are but a forerunner of many other musical treats which we shall frequently feature in an entirely complimentary manner for the benefit of our patrons and the public. We propose to adopt a progressive leadership, not only in bringing to the public many enjoyable musical occasions, but through our splendid resources and modernized way of piano selling, to make it possible that genuinely good pianos may be acquired at popular prices and upon popular terms—to make the ownership of a piano, easier than it has been before.

PROGRAMME THIS AFTERNOON, 2:45

- (a) Adagio Pathetic Godard
(b) Wild Rose MacDowell
(c) Pastorale Coe
Mr. Lacy Coe, Violinist.
- (a) Nocturne E flat Chopin
(b) Scherzo Von Goern
Mr. Earl Bright, Cello.
- (a) Sunbeams Ronald
(b) If I Knew Gaynor
(c) If I Were a Rose Hesselberger
Mrs. Elsie Kirkpatrick, Soprano.
Mr. Rasbach, Pianist, Accompanying.

—This afternoon's recital, which will be given by eminent artists with whom many of you are familiar, is entirely complimentary—no admission cards issued, none necessary. We want to extend a most cordial welcome—an urgent one, if you will—to visit our store this week, and particularly our new piano rooms. Come and enjoy the musical program. Remain also for the special supplementary player-piano recital in our new player-piano hall. Note specially in the rendition of the programs the peculiar—the wonderful beauty of tone in Baldwin pianos. If you may happen to contemplate an investment in a piano, make this an opportunity to become familiar with Baldwin superiority.

What Now? POLITICIANS IN UNKWARD PLACE

Wonder What Effect the
Vote in Canada Carries.

Regulars Say It Helps Taft;
Insurgents Rejoice.

Result May Cause Realignment
of Party Lines.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Sept. 21.—The news which is agitating political circles throughout the United States is the result of the vote in the Canadian election today. The result is a defeat of the Liberal government.

It is evident that the result will be a realignment of the party lines. The Liberal government, which was in power for many years, has been defeated. The Conservative party, which was in opposition, has won the election. This result is a surprise to many people, as the Liberal government was expected to win.

FIND CORPSE IS LIMBURGER.

Chicago Detectives Arrest Ger-
man Immigrant as a Mur-
der Suspect.

(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, Sept. 21.—[Ex-
clusive Dispatch.] On urgent
wire advices from railroad offi-
cials in Pittsburgh, detectives
awaited the arrival of a Penn-
sylvania train today and cap-
tured a German immigrant and
his trunk. The latter was sup-
posed to contain the corpse of a
murdered person. The trunk
and the prisoner were taken in-
to the baggage room and the
trunk forced open. Inside was
some object wrapped in many
folds of oilcloth and it certainly
proclaimed that it was dead.

The detectives closed around
the German, but permitted him
to continue his journey to St.
Paul, when the mysterious bun-
dle was unwrapped and found
to contain fifty bricks of lim-
burger cheese.

Lamentations.

CHECK RACKET,
ALL FOR LOVE.

LOS ANGELES YOUTH IS HELD BY
CHICAGO POLICE.

Admits He Tried to Get Money
on Worthless Paper in Order to
Have His Newly Married Wife,
Who Is in Los Angeles, Join Him
at Leitura.

(BY DIRECT WIRE TO THE TIMES.)
CHICAGO (Ill.) Sept. 21.—[Ex-
clusive Dispatch.] "I know it was
wrong—very wrong—but I did it be-
cause of the great love I have for my
wife. She is thousands of miles away
and I want her with me. The only
way I could get her here, that I could
see, was by passing a worthless
check. I tried; I failed and here I
am a prisoner."

So declared Elmer F. Kelly, a
youthful, Beau Brummel, handsome
and active of a well-to-do family, as
he paced the floor of his cell in the
Harrison-street station today waiting
to answer the charge of attempting
to pass a worthless check for \$107 on
the First National Bank. Kelly, who
is just 21 years old, says he is the
son of John T. Kelly, general man-
ager of the John Douglas Plumbing
Company of Los Angeles, and the
police have telegraphed for verifica-
tion. When arrested the young man
was wearing a diamond ring.

"I never have done anything
wrong before in my life," said young
Kelly with tears in his eyes. "I al-
ways had a nice home with my par-
ents at No. 2633 Pasadena avenue,
Los Angeles. Some time ago I met
a girl and fell in love with her. My
father objected and later when I mar-
ried her he became enraged and told
me to leave the State. I had never
done much work before and after re-
maining in California until my father
became low I came to Chicago. I left
my wife in Los Angeles. I didn't find
any work and then I pawned one of
my diamond rings. When the money
I received from that ring was gone
the notion to get money on a check
and bring my wife here entered my
head. I went to a State-street depart-
ment store and ordered some cloth-
ing. I intended to give the check
in payment, but my courage failed me
at the last moment and I got neither
clothes nor money. Then I tried to
deposit the check in the bank and was
arrested."

A CASTLE ON LONG ISLAND.

American Said to Have Bought One
Built by Cromwell and Will Bring
It Over.

(BY A. P. NIGHT WIRE TO THE TIMES.)
LONDON, Sept. 21.—It was reported
today that Tattersall Castle in
Lincolnshire, built during the middle
of the fifteenth century, has been
purchased by an American millionaire.
The old castle will be pulled down and
re-erected on Long Island. Tattersall
Castle has been brought prominently
to public notice because of the at-
tempts which have been made to save
the famous mantlepiece contained in
it from being taken from the country.
Tattersall Castle was erected by
Lord Cromwell, Lord Treasurer to
King Henry VII about the years 1483-
1443, and has been described as prob-
ably the finest specimen of medieval
brickwork in the United Kingdom.
The four fire places in the castle are
remarkable for their beauty and her-
aldic interest and give practically
history of the owners and builders of
the castle from the earliest times.
It is stated that William Randolph
Hearst is the purchaser of the castle.

WITHHOLDS HIS RESIGNATION.

Federal Judge Groupop Announces
Theft of Imported Papers from His
Former Private Secretary.

(BY A. P. NIGHT WIRE TO THE TIMES.)
CHICAGO, Sept. 21.—Peter S.
Groupop, presiding judge of the
United States Circuit Court of Ap-
peals for the northern district of Illi-
nois, announced today that he will
not send his resignation to President
Taft until the threatened publication
of charges and criticisms of his judi-
cial career have been made and per-
haps take action to vindicate himself.
The jurist said he will invite a far-
reaching investigation of his official
conduct.

That a former government secret
service agent who is reported to have
shadowed Judge Groupop for two
years obtained important papers in the
possession of Marshall E. Sampson,
former private secretary to the
judge and one of the receivers of the
Union Traction Company by breaking
into Sampson's downtown office was
charged today by Judge Groupop and
Mr. Sampson.

"No one need look my office, for I
will show everything," said the judge.
When Theodore Roosevelt was
President, I remonstrated with him
for putting a complaint against me
in the files of the Department of Jus-
tice, and said he had no more right
to do that than I had to file a libel

Windsor Square

"The Residential Masterpiece"

Conceived and created with the one idea in mind—of giving to Los Angeles
a principality that shall stand alone.

—Windsor Square will never have a counterpart in all Southern California.
When the transformation which is now begun has been completed, Windsor
Square will be one magnificent park of 200 acres—a vast community of
palatial homes—the consummation of the combined ideals of men whose in-
spirations have come from contact with the most exclusive residence com-
munities of the greatest cities of America and Europe.

—Building restrictions adequate, but not excessive, and so drawn that they
can never be violated.

—Eight miles of beautiful spacious boulevards paved as smooth as a floor—
traced on either side by 25-foot parkings made brilliant at night by a thousand
Parisian lights and adorned with rare trees and shrubbery.

—Sewers, gas and water mains, and a conduit system for electric light and
telephone wires all laid in advance of paving so that the streets will never
need to be torn up.

—No unsightly alleys—and no poles to mar the beauty of the landscape.
Superbly situated in the fashionable Wilshire district, within the city limits,
between Los Angeles and the ocean, on the direct road to the Country Club
—and only 15 minutes' delightful ride to the heart of the business center.

Reservations May Be Made Now

somewhere and finally told me he had
let it in with the nasty letters he re-
ceived about himself."

PARDON BILL IS STOPPED.

Return of Oklahoma's Chief Execu-
tive Put End to Lieutenant-Govern-
or's Charity to Convicts.

(BY DIRECT WIRE TO THE TIMES.)
OKLAHOMA CITY (Okla.) Sept.
21.—[Exclusive Dispatch.] Acting
Governor McAlester granted four
more pardons and two paroles this
morning before Governor Cruce's re-
turn to the State, making McAlester's
total of pardons fifty-three in two
weeks.

Bill Sims, formerly Chief of Police
of Shawnee, was given a full pardon.
Sims was convicted of accepting a
bribe while in office in Shawnee and
sentenced to serve three years. Sims's
appeal was dismissed only a few days
ago.

Governor Cruce tonight said he has
power to revoke pardons granted to-
day since his return to the State.
McAlester issued a statement to-
night that his pardons were just. He
pardoned convicts whom Cruce had
even refused to parole.

JORDAN ANSWERS CRITICS.

Intimation Comes from Sacramento
That Governor Has Press Bureau
Capable to Boost Himself.

(BY DIRECT WIRE TO THE TIMES.)
SACRAMENTO, Sept. 21.—[Ex-
clusive Dispatch.] Secretary of State
Frank Jordan today gave out
the following criticism of articles

capital to the newspapers for publi-
cation. There are five of these ar-
ticles published in Los Angeles papers
(not The Times) and Jordan and
Shannon are scored in them. They
imply that Jordan is a tool of the
Southern Pacific.

Jordan characterizes these articles
as unfair and as examples of the so-
called square-deal that Governor
Johnson is giving those opposed to
his administration of State's affairs.
Jordan's criticisms are extremely
sarcastic and he points to what he
says are misstatements of facts con-
cerning the publication of the amend-
ments. Those opposing the present
administration say that a press bu-
reau is being maintained at the cap-
ital to disseminate for publication
matter favorable to the Governor and
his methods.

MURDER SUSPECT ARRESTED.

Colorado Springs Police Believe
They Have Found Man and Motive
In Killing of Two Families.

(BY A. P. NIGHT WIRE TO THE TIMES.)
COLORADO SPRINGS (Colo.) Sept.
21.—Tony Donatelli, a laborer 40 years
old, was arrested this afternoon in con-
nection with the wholesale murder of
the Wayne and Burnham families here.

Arthur J. Burnham, now under ar-
rest, it is said, admitted that when he
returned home unexpectedly Sunday
he found Donatelli in the house with his
wife. He said he had known Donatelli
for several years and when he found
him with Mrs. Burnham, the latter was
being carried by Donatelli.

Donatelli, Burnham said, explained
that Mrs. Burnham had hurt herself

ing to relieve the pain.

A clew which has been found is a
clear finger print, obtained in blood
on the handle of the ax, which was
used to kill the victims. A Berillon
expert from the Denver police force
has been requested to examine the
print.

Burnham was allowed to attend the
funeral services of the victims this
afternoon. He was accompanied by
Sheriff Birdsell and two deputies.
Burnham maintained the same out-
ward calm he has shown since the dis-
covery of the tragedy.

The bodies were placed in two cas-
kets, one for Mrs. Burnham and the
other for the two children.

The funeral was conducted by the
Rev. J. P. Koehler, pastor of the
United Brethren Church and was held
at a local undertaking establishment.

to 6 p. m.

Contestants are requested to
have their visits conform to
these hours, which the Contest
Manager desires to devote to
their interests.

PRIZES FOR SEPTEMBER 30.
First prize, \$20.
Second prize, \$20.
Third prize, \$15.
Fourth prize, \$10.
Fifth prize, \$7.50.
Sixth prize, \$5.
Seventh prize, \$2.50.
Eighth prize, \$2.
Ninth prize, \$2.
Tenth prize, \$2.

As special prizes are awarded
the contestants have no particu-
lar reason to appear once a day at
the contest, which is perhaps a
step for them, as it allows
a little more time to devote to
their subscriptions toward the
prizes, which are to be given
at the end of the month. E. H.
The prizes are especially at-
tractive in the fact that while none
represent a very great

of money there are ten all
the give a greater number of
an opportunity to win
and has many advantages
the former prizes awarded at
the month, which naturally
the heavyweights leaders, who
are correlating the points in
the contest.

The text is dense and includes various details about locations, prices, and contact information. The layout is typical of a classified real estate section in a newspaper or magazine.

Cities and Towns of Los Angeles County.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

BUSINESS IS IN JEOPARDY.

City May Discontinue Raising of Hogs.

Industry in Conflict With an Ordinance.

Merchants Plan for Fall Opening of Stores.

San Antonio Fruit Exchange of this city now has a board of thirteen directors. This increase was made necessary because of the representation of the Walnut Citrus Fruit Growers' Association and the new association El Camino recently formed and controlling 216 acres in the Claremont district. The San Antonio Exchange now comprises nine subsidiary citrus fruit associations in Pomona Valley.

These ordinances provide for the collection of hogs numbering more than 100 head shall be kept in five miles of the city, and the making of incineration of the city the garbage that is now fed to hogs at the farm.

It was last night if the city would give up hog raising. Mayor Whitaker stated that it appears such a move unless radical changes can be made in the method of operating the city and that he has decided to make any such arrangements as he can.

Mayor said that running the city through a reduction plan to be one method of solving the problem, but that nothing has been as yet about it.

Intend soon to take up the matter with the city health officer and the board of the City Farm Commission. He said last night, "As soon as matters more claiming my attention are fixed up."

Intend soon to take up the matter with the city health officer and the board of the City Farm Commission. He said last night, "As soon as matters more claiming my attention are fixed up."

San Antonio Fruit Exchange of this city now has a board of thirteen directors. This increase was made necessary because of the representation of the Walnut Citrus Fruit Growers' Association and the new association El Camino recently formed and controlling 216 acres in the Claremont district. The San Antonio Exchange now comprises nine subsidiary citrus fruit associations in Pomona Valley.

These ordinances provide for the collection of hogs numbering more than 100 head shall be kept in five miles of the city, and the making of incineration of the city the garbage that is now fed to hogs at the farm.

It was last night if the city would give up hog raising. Mayor Whitaker stated that it appears such a move unless radical changes can be made in the method of operating the city and that he has decided to make any such arrangements as he can.

Mayor said that running the city through a reduction plan to be one method of solving the problem, but that nothing has been as yet about it.

BEAUTIFYING GANESHA PARK.

Pomona Will Construct Cement Columns to Sustain the Electrical Illumination.

POMONA, Sept. 21.—Park Superintendent M. Page is having cement posts for a permanent lighting system in Ganesha Park, replace the wooden poles which have temporarily supported the incandescent lights about the walks and driveways.

Twenty permanent posts will be placed along the main drive from the Huntington boulevard entrance. Twenty additional posts will later be built. A cement bridge is being constructed to replace the old wooden bridge in the north part of the park, which has been in service for so long. The new bridge is being constructed east of the old bridge, thus eliminating a dangerous curve in the driveway and providing additional ground space for a large amphitheater which is planned to build and beautify at the park.

BOARD ENLARGED.

The San Antonio Fruit Exchange of this city now has a board of thirteen directors. This increase was made necessary because of the representation of the Walnut Citrus Fruit Growers' Association and the new association El Camino recently formed and controlling 216 acres in the Claremont district. CITY AUDITOR IS PUZZLED.

Long Beach Official Between Horns of Dilemma.

Charter and State Law Are at Variance.

Hotel Man Will Wage a Vigorous Fight.

LONG BEACH, Sept. 21.—With the charter providing that the city tax rate must be fixed on or before October 5, City Auditor Hinds finds himself up against a tangle that he has asked the City Attorney to aid in unravelling.

Under the provisions of Constitutional Amendment No. 1, the State pays back to the cities the moneys due by corporations on the bonded indebtedness of the municipalities previously incurred, and until this is known the Auditor cannot fix the bond rate to be paid by the property at present assembly, for fear that the revenue so acquired would be more than sufficient to meet the city's obligations, in which event, the State would refuse to pay over the ratio due from the corporation tax.

The State board has so far neglected to make any report of the moneys due from their homes and their parents believe that from conditions existing the bids have run away from home.

R. E. Buckley, who recently bought an automobile, paying for it with a bogus check, and afterwards ventured back to get a bill of sale for the machine on which to negotiate a loan, was today held to answer a grand larceny charge, before the Superior Court.

Some bogus silver half-dollars were circulated in the city yesterday and have been turned over to the United States secret service in Los Angeles. A Jap, who is alleged to have passed one of the coins on a local physician, is under suspicion.

One hundred tickets have been sold for the Gov. Johnson dinner at Hotel Virginia Saturday evening. Following the dinner the Governor will speak at the Auditorium at 1 o'clock on the pending constitutional amendments.

VENICE.

DEDICATION OF STREET ASKED.

VENICE CITY CLUB PETITIONS BOARD OF TRUSTEES.

Windward Avenue, the Title of Which Has Been Retained by Kinney, Should Be Turned Over to City, According to This New Political Organization.

VENICE, Sept. 21.—Insisting that the city should own and control all of the public streets, the Venice City Club has adopted the following resolutions:

Whereas, Windward avenue, the principal street of the city of Venice, is claimed as the private property of the Abbot Kinney Company, a corporation; and

Whereas, said corporation, in violation of repeated promises, has failed and now refuses to dedicate said street for public use, thereby retarding improvements by persons owning property abutting thereon; and

Whereas, The said corporation obstructs the same by renting space thereon for various purposes, while the city, at the expense of the public treasury, sweeps, and in part lights the same, and also relieves said corporation from the burdens of taxation thereon; and

Whereas, It is in the interest of the public welfare that said street should be under the exclusive control of the city, now therefore be it

Resolved, That it is the duty of the Board of Trustees of said city, to insist upon a dedication of said street for public use, according to previous promises, and that in the event that an amicable arrangement cannot be reached with said corporation, it is the sense of the City Club of Venice, that the city should institute condemnation proceedings to secure said street as a public highway, and be it further resolved, That a copy of this resolution be sent to the Board of Trustees of said city, respectfully requesting that action be taken in the premises.

The members of the club contend that if the Trustees should adopt a resolution declaring Windward avenue to be a public street, that would cure the evil, as the street has been used by the public continuously for more than six years. Five years ago of a street without protest or interruption, according to the statutes as interpreted by the legal committee of the Venice Club, makes a public highway of the thoroughfare.

TO BUILD AEROPANE.

A building permit was issued today to Messrs. Herick and Erdman and their associates at San Diego, San Francisco and New York for the construction of a \$25,000 captive aeroplane, which is to be operated on the Windward-avenue pier. The unique flying device will start from a tower to be erected near the front of the pier and will extend to the breakwater and above that structure for its full length, returning to the original starting point. Lumber for the construction of an office building and the towers arrived and was hauled onto the pier today and the work of construction will start at once, the design being to have the new seaside attraction completed and ready for operation at the end of sixty days.

Lisbeth and Carolyn Le Fevre, Daughters of a beach physician, who at the age of 9 and 7 show remarkable musical promise.

SANTA MONICA, Sept. 21.—In a musical way, the pride of Santa Monica is Lisbeth LeFevre, aged 9, and her sister, Carolyn, aged 7. The former is acquiring mastery over the cello, while the more diminutive miss is already an artist in handling the violin.

They are the daughters of Dr. and Mrs. J. P. LeFevre, and before attempting the stringed instruments were well grounded in time and tune.

without interruption for several years but it has been only during the past few weeks that they have been graduated from the difficult and wearisome bowing exercises and are now for the first time attempting to handle real musical compositions.

Carolyn has studied the violin ever since she was 5 years of age and now plays with the expression and touch of a grown-up. Lisbeth's performance on the cello is little short of

Society Approves Complexion Beautifier

"In seeking a dependable complexion beautifier," says Mae Martin in the Philadelphia Record, "no preparation for whitening, beautifying and toning the complexion equals a simple, inexpensive lotion, made by dissolving 4 ounces of spumax in 1/2 pint of either witch hazel or hot water, then adding two teaspoonfuls glycerine. Where witch hazel is used, the lotion dries more readily on the skin.

"This splendid lotion does not rub off or show like powder, and is very fine for removing that shiny, sallow look from the skin. It makes the skin very clear, soft and beautiful, and is so good that a bottle of it is sure to be found on the dressing table of most society women.

"I find it splendid for the skin, as it is very beneficial, while powder clogs the pores, enlarging them, causing blackheads and rough, wrinkly complexions."

names of captains and the cargo, were furnished, the Long Beach harbor would be listed by the Merchants' Exchange as one of the coast harbors.

CAMPAIGN PROSPERS.

This evening the five teams in the Y.M.C.A. membership campaign reported a total for the two days of 182 new members and collections of over \$100. The campaign will end Saturday night.

NEWS BRIEFS.

The school board last night accepted the new Polytechnic High School building from the contractor after receiving the written report of the supervising architect. The original contract for the building was \$115,926, to which extra work was added, making the total cost of the building \$120,312. Of this amount \$23,741.50 will be held by the board until the building has been accepted. The architect in his report paid the contractor a high compliment for his work.

Burney Mitchell aged 15, and Henry Hark aged 15, misadventured from their homes and their parents believe that from conditions existing the bids have run away from home.

R. E. Buckley, who recently bought an automobile, paying for it with a bogus check, and afterwards ventured back to get a bill of sale for the machine on which to negotiate a loan, was today held to answer a grand larceny charge, before the Superior Court.

Bidwell Orchards Chico, California

Land is valuable or not according to its producing qualities

Some land is worth One Thousand Dollars an acre

Some land is not worth One Dollar an acre

Some land produces for a little while and then it is gone

The soil is not deep enough

Shallow soil too close to hardpan may produce for a little while but soon wears out

The Bidwell Orchards are proved

They have been producing for years the finest fruits and grains any farmer ever saw

They are producing them today

There is no doubt, no question no uncertainty about these statements

They are true

You can best decide for yourself by a visit to Chico

As soon as you get anywhere near Chico you will begin to see the finest land a bird ever flew over

The deepest soil

The richest foliage

and for several weeks has been considered a dangerous man. Yesterday his relatives swore to the complaint, alleging that he was suffering from a dangerous form of mania and likely to do himself or others harm if permitted to remain at large. He was sent to the Receiving Hospital for the night and will appear before the insanity commission today.

INDORSE SUFFRAGE CAUSE.

Federated Improvement Association Favors Ballot and Condemns Certain Amendments at Meeting.

After listening to a speech by Mrs. Cora Lewis last night and another by A. F. Southwick, the Federated Improvement Association endorsed woman suffrage and condemned amendments Nos. 47, 48 and 49, which, in their order on the ballots are Nos. 12, 16 and 23.

Mrs. Lewis made a straight suffrage speech, and Southwick discussed all of the amendments. Mrs. Lewis asserted that the women of this city have for many years worked for the same measure for which the Federated Association was organized.

The association last night passed a resolution offered by H. S. McCallum, endorsing the proposed municipal railway from Los Angeles to San Pedro harbor. The resolution urged that special care be taken by those in authority to see that the municipal railway shall be so built and operated that it be of permanent benefit to all the people of the city and not to any class or faction.

Resolutions expressing sympathy for the family of the late George Rheinschild and endorsing the proposed advance were passed by the organization.

WAR VETERANS ENTERTAIN.

Memories of grim-vanaged war gave way to merry marches, also to the two-step, last night at No. 517 South Broadway, when Roosevelt Camp No. 5, Spanish War Veterans, entertained the ladies' auxiliary of the camp with a vaudeville entertainment and dance.

Members have been giving "smokers" and making things pleasant for the men for several months and this was the first social for the sisters of the auxiliary in some time. The vaudeville program was furnished by Miss Edith Miller, Miss Jessie Willett, George Hines and A. McNally, and Jack Hayes, all from local amusement houses. Co. J. Quartette sang, and Commander Cooper made a short address.

CHANCE FOR OPERATORS.

If there is a wireless telegraph operator with an aspiration for a position in the permanent service, notice was issued yesterday by H. H. McDonald, local secretary of the board of civil service examinations, in the federal building to the effect that a civil service examination would be held October 4 for an electrician and wireless telegraph operator in the light house service for duty in Hawaii. The salary is \$300 a year.

NORTH-END BOOSTERS.

At the meeting of the N.E.W. Commercial and Improvement Association held yesterday, the following committee was appointed to appeal to H. H. Huntington for the donation of the old powerhouse site at Temple street and Edgeware road for a branch library: Martin E. Marsh, G. Rupert Johnson, G. W. Gardner and S. H. Rigby. To secure subscriptions for the Echo Park Normal site, the following committee was appointed: H. H. Ballard, Albert W. Moore, Marshall Stimson and J. Mills Davies. The recommendation of Bion J. Arnold that a union railroad depot should be located east of and facing the Plaza was received with great applause.

JEWISH NEW YEAR.

Services in celebration of the Jewish New Year will be held in the Sinai Synagogue this evening at 8 o'clock, tomorrow from 7:30 a.m. to 12:30 p.m., and also in the evening, and again on Sunday morning. Cantor Weinstock will be assisted by a choir, and Rev. A. Arndt will be assistant reader. Rabbi Isidore Myers will preach at all the services, and by special invitation will preach in Beth Israel Synagogue at 4 o'clock Sunday afternoon.

STANTON POST ENTERTAINS.

The Stanton Post, G.A.R., and the Ladies' Auxiliary have arranged a special musical program for their entertainment tonight at No. 517 South Broadway. Several jubilee and patriotic and plantation songs will be given by the choir of the Zion Baptist Church, colored, under the leadership of Rev. Joseph Hill, pastor of that church.

LIKES OUR SCENERY.

Edward Renfield, an artist for the clothing firm of Hart, Schaffner & Marx, of New York, arrived in the city yesterday. He is here to select the forthcoming style posters of the forthcoming style posters of which many thousands will be issued and scattered all over the world next spring.

WILL ATTEND.

Assistant Forester Adams of Washington and District Forester DuBois of San Francisco have sent word that they will attend the meeting of the Trustees of the Redlands Forest, which meets at Redlands, October 5. It is believed here that the interest shown by these officials is directly due to the prominence given by San Bernardino Mountain section by the big forest fire of last August, when an immense area was fire swept, and the necessity for a more systematic fire protection was forced upon the notice of the Forestry Bureau at Washington.

AGAINST ROAD.

Justice of the Peace G. M. Pittman, the youngest township justice in the State, this forenoon handed down an opinion in the criminal action brought by the District Attorney's office against the Santa Fe Railroad for alleged violation of the "full crew bill," holding the defendant guilty, and placing the fine at \$200. The case will be at once appealed to the Superior Court. The company is charged with operating a train of four cars with only one brakeman, besides conductor and engine crew. As there were but three passenger coaches on the train the company contends that only one brakeman was required under the law.

HOLY JUMPERS.

Strange meetings occurring during the combination of trout fishing, deer hunting and natural hot baths to be found at Wheeler's Springs is hard to beat.

RALLY DAYS AT Y.W.C.A.

The first rally day at the Young Women's Christian Association yesterday was a thorough success, and will be continued today. All persons interested are invited to visit the building today, particularly those who wish to enroll for classes, all of which will open September 27.

BOLD ROBBER IS COURTEOUS.

Highland Bandit Takes Cash
With Profuse Regrets.

Returns Victims Enough
Cash to Pay Car Fare.

Brother Meets Brother He
Thought Dead.

San Bernardino, Sept. 21.—L. R. Davis, traveling agent for the Standard Pencil Company, and his wife, wound up a social call on friends at the Southern California State Hospital at Patton last night by facing a highwayman. They were waiting for the midnight car from Highland when the robber leaped from a cornfield, which the couple were seated in. The glare of an electric light beam, which the couple were seated in, was no obstacle. "Give me your money," commanded the robber. At the same instant he covered the couple with a big revolver.

The victims threw upon the ground their loose change, \$50 in all. But Mrs. Davis clung to a roll of bills amounting to \$250. Then the robber calmly tossed them back enough money to pay their fare to the city, and to provide a meal and a bed. "I don't want any one I clean to go hungry," he ejaculated. Davis had engaged him in an argument on the injustice of the robbery, while Mrs. Davis took the opportunity to separate her big bag of bills from a few loose dollars.

"Say, pal," said the robber in parting with his victims, "you and your lady are the coolest folks I've met in many a year. Wish we could meet again under more pleasant circumstances. Good night." And the highwayman disappeared in the cornfield. Shortly after 1 o'clock, Mr. and Mrs. Davis reached here with news of the robbery, having also reported the occurrence at Highland.

MEETS BROTHER.

J. N. Corbitt, well-known resident of this city, today came face to face with his brother, Amos, whom he believed had perished in Death Valley years ago, and a short time after the unexpected meeting, which occurred at the Corbitt home, J. N. Corbitt received news that his brother, Robert, whom he had supposed alive and prospering in Grass Valley, had been dead for a number of weeks.

Years ago Amos Corbitt set forth from this city on one of his periodical prospecting trips. From that day until this forenoon he had been as dead to his relatives. Word came that he had perished in Death Valley, and this was accepted as the explanation of his disappearance. Robert Corbitt and J. N. Corbitt kept up a regular correspondence through the years of the brother's absence, so that no idea that death had overtaken Robert reached the local man until today, when a Grass Valley newspaper was delivered at his house.

WILL ATTEND.

Assistant Forester Adams of Washington and District Forester DuBois of San Francisco have sent word that they will attend the meeting of the Trustees of the Redlands Forest, which meets at Redlands, October 5. It is believed here that the interest shown by these officials is directly due to the prominence given by San Bernardino Mountain section by the big forest fire of last August, when an immense area was fire swept, and the necessity for a more systematic fire protection was forced upon the notice of the Forestry Bureau at Washington.

AGAINST ROAD.

Justice of the Peace G. M. Pittman, the youngest township justice in the State, this forenoon handed down an opinion in the criminal action brought by the District Attorney's office against the Santa Fe Railroad for alleged violation of the "full crew bill," holding the defendant guilty, and placing the fine at \$200. The case will be at once appealed to the Superior Court. The company is charged with operating a train of four cars with only one brakeman, besides conductor and engine crew. As there were but three passenger coaches on the train the company contends that only one brakeman was required under the law.

HOLY JUMPERS.

Strange meetings occurring during the combination of trout fishing, deer hunting and natural hot baths to be found at Wheeler's Springs is hard to beat.

RALLY DAYS AT Y.W.C.A.

The first rally day at the Young Women's Christian Association yesterday was a thorough success, and will be continued today. All persons interested are invited to visit the building today, particularly those who wish to enroll for classes, all of which will open September 27.

Postscript: Second Edition.

NEWS REPORTS OF THE EARLY MORNING HOURS.

THE VERY LATEST TIDINGS

Gathered From Far and Near Since 2 O'clock A.M.

LATEST CANADIAN NEWS.

WINNEPEG (Man.) Sept. 22.—[By A. P. Night Wire.] Late last night the result of the election in Alberta, Manitoba and Saskatchewan, was shown to be as follows:

Manitoba—Liberals elected 5; Conservatives elected 3.

Saskatchewan—Liberals, 7; Conservatives, 3.

Alberta—Liberals, 6; Conservatives, 1.

Total Liberals, 19; Conservatives, 7.

The Conservatives again carried Winnipeg, Hagart doubling his majority of 1908.

In Brandon, Alken was elected by 799. This is a Liberal loss, as it was held by Hon. Clifford Sifton in the last House, who since his election has turned against the government.

In Portage la Prairie, Meighen, Conservative, was elected by 84, defeating R. Patterson, a grain grower.

In Minnedosa, Dr. Roche, Conservative, probably was re-elected, but the vote will be decided.

In Souris, Campbell, Liberal, in Dauphin, Cruise, Liberal, and in Liasar, Greenwood, Liberal, are elected. These are the Liberal gains.

In Selkirk, Bradbury, Conservative, was re-elected by a large majority.

In McDonald, Woods, Liberal, and Staples, Conservative, are running close, chances favoring Woods.

In Provancher, Miller, Liberal, is re-elected by a large majority.

Returns from Saskatchewan are incomplete, but indicate the election of McKay, Conservative, in Prince Albert, and McLean, a Conservative, in Saskatoon. They are the two losses of the government.

In the other seats the Liberals are leading by large majorities except in Qu'Appelle and Moose Jaw, where the Conservatives probably have been returned. This is a net loss of one for the government in Saskatchewan.

In Alberta, Morath, a Conservative of Medicine Hat, is defeated, as is also Herron of MacLeod. These are two gains for the government.

In Calgary, Bennett, Conservative, is elected.

In the four northern seats, Liberals are all leading, Frank Oliver having a large majority.

Total of 27 seats are: Liberals, 20 or 21; Conservatives, 6 or 7, a net gain for the government of five or six seats in Western Canada.

MONTREAL, Sept. 22.—Although reciprocity dies a natural death, the Conservatives are likely within a short time to give their attention to the revision of the Canadian tariff which Mr. Borden favors, and to the tenders for the construction of ten vessels for the Canadian navy, a project which he has condemned and which has been denounced by the French Nationalists of Quebec.

Mr. Borden promised, if elected, to increase government ownership of public utilities such as railways, telegraphs and telephone; to aid the West in the establishment of terminal elevators under government supervision; to promote construction of the Hudson Bay railway; to develop terminals on the Hudson Bay, and to see that a fleet is put on the route between Hudson Bay ports and Europe.

ST. JOHN (N. B.) Sept. 21.—Although New Brunswick turned over to the Conservatives today three seats occupied in the last Parliament by Liberals, the Liberals captured the city.

Hard Knocks.

WOMEN DISAGREE ON MAN'S TALK.

CALLS SUFFRAGE MOST FOOLISH FAD THERE EVER WAS.

"Petticoats or Pants" Is Topic of Address at Lamanda Park Which Divides Female Portion of Audience and Stirs Up Coolness at the End.

"He's all right and his word is gospel truth," said Mrs. T. C. Hardwick, after the conclusion of an address on "Petticoats or Pants," by V. Alex Henry in Lamanda Hall, Lamanda Park, last night.

"He's all wrong and he misquotes scriptures," chorused Mrs. M. Ricard and Mrs. F. M. Curtis, the only other women members of an audience of fifty.

Most of the men seemed to have gone to the hall in quest of entertainment, and they were not disappointed. The speech which contributed to their entertainment was, in part, as follows:

"Men and women, I wish to speak to you of the most foolish fad that has ever been allowed to find its way into our beautiful California. I speak of woman suffrage. I know how this question will be settled in the end, but I do not want to see things go wrong for one minute. I have the Bible, reason and nature on my side, and that's why I know political equality can never become an established fact. There will be no change of dynasty. God made man to rule. Oh, yes, woman is man's equal, but her sphere is the home. She is queen there, but because she can do some things as well as man is no evidence that she can take man's place in the universal scheme of things. Neither can men become women nor women men."

"A man cannot mother children, nor can a woman attend to her home duties and at the same time run the affairs of State. The family is the unit of the State. Abolish the family and you disintegrate the State. Woman suffrage would destroy the family."

"Men are being led by the nose into this suffrage fad. Whenever you see a man with a big audience of women around him, be sure there is a fool in there. A man who has a message of truth can get an audience of men to listen to him."

"The hand that rocks the cradle rules the world, but lately women are not satisfied to rock the cradle and to rule the world. They would change the very laws of nature."

"Women want men to be their masters, and men will always want women to mystify them. Man will always be exclusive, woman always his fine, intuitive helpmeet. True womanhood will never really suffer."

of St. John and elected Hon. William Pugsley Minister of Public Works, who is one of the few members of the present Cabinet to be elected. In statement tonight Mr. Pugsley said: "It is impossible to overestimate the tremendous influences which were used to defeat the government. I am satisfied that if the extent and nature of these influences should all be disclosed, it would startle the people of Canada."

HALIFAX (N. S.) Sept. 22.—Robert L. Borden, leader of the Conservatives, dictated the following statement for the Associated Press, upon learning of his Conservative victory:

"In rejecting reciprocity, Canada has amply affirmed her adherence to a policy of national development which she has pursued for nearly 50 years. Government without mandate from the people undertook to reverse that policy, and upon submitting their action to the people were defeated."

"The verdict was in no wise dictated by a spirit of unfriendliness to the great neighboring republic. No such spirit exists in Canada."

RACE FOR LIFE.

DENVER, Sept. 22.—[By A. P. Night Wire.] On the last leg of his journey on which he is rushing his sister-in-law, Mrs. George C. Schenck, to Cheyenne for an operation by which it is hoped to save her life, and fifty miles of which was made on horseback, with the woman in his arms, Ray W. Schenck, Immigration Commissioner of Wyoming, left here last night.

Mrs. Schenck became ill on the Schenck man near San Danes, Wyo., fifty miles from a railroad.

SEE OWN FATE DEPICTED.

Life Prisoners in Colorado Penitentiary Take in Picture Show in Denver Playhouse.

[BY A. P. NIGHT WIRE TO THE TIMES.] DENVER, Sept. 21.—Sixty-six convicts from the Colorado State Penitentiary, among them several life-terms, this afternoon sat in the gallery of a local theater and watched a play in which the star portrayed a character suggesting his own life to each member of the grim group that leaned in tense interest over the gallery rail. They saw the make-believe convict in the cell with which they are so tragically familiar, watched him at the work that is so fearfully real to them, held their breath when the pardon, for which, perhaps more than one of them is hoping, opened the prison gates, and burst into thunders of applause when they saw wealth and honor and happiness come to their hero.

The men are members of the convict road gang constructing a highway to the mountains west of here. An invitation for them to attend the play was extended to Warden Tynan by the Hudson Bay railway. A special train was chartered and the convicts, dressed in their usual striped shirts and ordinary trousers, were quietly taken to their seats. Not a person in the audience knew of their presence until the play was finished.

A half-dozen guards accompanied the men, not one of whom made any attempt to escape.

FRESNO CAP KILLED.

FRESNO (Cal.) Sept. 21.—[By A. P. Night Wire.] K. Chomoli, a Japanese fruit picker, was shot and instantly killed by R. Uyeba, a stranger fellow alien, at Fowler, ten miles south of this city, about 8 o'clock this evening. The shooting occurred in the Chinese quarter. Officers from this city have been unable to locate the murderer or discover a motive.

THE ONLY ONE WE HAVE LEFT

For \$1900.

Will make terms to suit you.

This is a five-room Bungalow with two closets, kitchen, bath, bookcase, fireplace, screen porch, large front porch and beautiful mountain view, 50 car fare.

Don't wait until it is gone. We won't have another.

Newcomb's 531 CORSET SHOP

ALF the art of dressing depends upon the corsets.

You must have a perfectly smooth foundation upon which to build modish gowns or trim tailor suits.

BIEN JOLIE CORSETS

Give one's figure the fashionable present-day lines—long, slender and extremely graceful; an intimation of curve at the waist-line, slenderness of hip.

They also adapt themselves to the natural lines of the figure—simply adding an artful touch here and there to conform with fashionable correctness.

We have models to fit any type of figure; and we take particular pains in the correct and comfortable fitting of every corset we sell.

You may have the assurance, when you wear a Bien Jolie model, that you have the very highest type of corset artistry.

Five to fifteen dollars a pair; no charge, of course, for fitting.

Lieut. A. W. Murray,
Whose promotion was announced yesterday.

Goes Up.

SOON TO BE CAPTAIN BOYLE HEIGHTS POLICE.

CAPT. A. W. MURRAY will be the title by which Lieut. "Bill" Murray of the Central Police Division will be known after October 1. His promotion was announced late yesterday afternoon, and the Council is expected to ratify the action Wednesday. He will likely be assigned to the new Boyle Heights Division, with headquarters in the Boyle Heights Police Station, which is rapidly nearing completion at First and St. Louis streets.

Murray has been at the head of the list of eligibles for captaincy for two years, and during that time two other men were appointed over him. Capt. Lehmann, who was made captain of the Central Division and later transferred to the Eastlake Station at which time Robert Haupt was elevated to the rank of captain and given the office vacated by the transfer of Lehmann.

The Boyle Heights Division was created to police that rapidly growing territory and also to make a place for S. P. Hensley, who has been out of the department eight years. Hensley is on the pension roll and wished to avoid re-instatement. As he had been a familiar with the work during his long absence it was finally decided yesterday afternoon by the commission and Chief to allow him to remain on the pension roll and appoint Murray.

Murray joined the department in 1897. He was appointed a sergeant in 1905 and a lieutenant in 1906. Standing 6 feet 1 1/2 inches and weighing 200 pounds, and being as well drilled as years of training with the Masonic Arab patrol can make him, he could easily compete for the honor of being the model policeman. He was heartily congratulated at the Central Police Station by his associates when the news of his promotion reached them.

Either Sgt. Butler or Sgt. Spellman will be appointed emergency lieutenant to fill the vacancy made by Murray's appointment.

him they would leave town at the first opportunity. A few days before the women disappeared, Dominguez reported his warning to the District Attorney. Yesterday he reiterated his conversation with the District Attorney's attaché.

Carl Rogers, who represents the officers, said he was anxious to have cleared up certain allegations that the women had been spirited away by friends of his clients, and requested a subpoena to be issued for Deputy District Attorney Horton. The latter stated that he was absolutely innocent of Rogers' suspicions. He said he had not made the statement that the women had been spirited away by Rogers or anyone interested in the bribery cases.

Keach asked the court to postpone the preliminary examinations of the accused officers to the District Attorney's attaché. The latter stated that he was absolutely innocent of Rogers' suspicions. He said he had not made the statement that the women had been spirited away by Rogers or anyone interested in the bribery cases.

back, but Harting had gone. From that moment until he was arrested yesterday afternoon in the Courthouse corridors, the deputies camped on his trail.

It was noted around that Harting had telephoned to Attorney Minor F. Goodrich, acting for Mrs. Rawson, asking him to secure a black hat for the white felt one he always wears, so that he could appear in court undetected. Goodrich confirmed this. The deputies accordingly took up stations in the Courthouse and Harting was arrested on sight, though almost as quickly set at liberty again.

Harting's case against Mrs. Ryckman had not progressed far when his attorneys asked for a continuance to permit the remedying of a defect in the plaintiff's complaint.

Mrs. Ryckman's case against Mrs. Rawson and Harting is set for trial October 18.

Harting, after he had time to remove the traces of his experiences, announced that he would sue Attorney Ryckman and Mrs. Ryckman for \$10,000 damages for alleged false arrest. He also asserted he will start an action against Mrs. Ryckman on a charge of passing an alleged bad check for \$700.

IMPORTANT RULING.
WATER COMPANY SUSTAINED.
Judge Hutton yesterday rendered a decision in the suit of J. W. Rittman against the Imperial Water Company No. 1, in which Rittman asked for a writ of mandate to compel the company to supply water to his land. The writ was denied.

The case was tried by Judge Hutton in Imperial county some time ago. In his decision he says that it should be discretionary with the board of directors as to what land shall be irrigated by the company with its system of ditches.

Rittman's property is a mile from the company's ditches, and Judge Hutton declares that if the company can be compelled to construct one mile of ditch it can be compelled to construct thirty, as long as the land is located between the Salton River on the east and the New River on the west.

While mandamus will lie to compel the company to turn out of the water on the stockholders' lands lying under the stock of the ditch, Judge Hutton says it will not lie to compel the construction of a long waterway.

Rittman's land borders on the ditch of another company, known as Elder No. 5, but he contends that water supplied from this ditch will not be by gravity flow.

LAWYER ON PROBATION.
ADMIT HE PASSED CHECK.
The fall from grace of man once prominent in public life in Cleveland, was brought to light yesterday when Attorney D. F. Reynolds pleaded guilty to a charge of having passed a fictitious check for \$20 at Venice.

"A lawyer, last of all, should ask the mercy of the court when he breaks the law," declared Judge McCormick when Reynolds asked to be put on probation.

Reynolds said that he once was deputy prosecuting attorney of Cleveland and had passed scores of cases similar to his own and therefore could not plead ignorance. He also said that during his career in the eastern city he was president of the City Council.

"I don't know why I did this," said the defendant, slim, nervous and about 45 years old.

"Were you out of funds?" asked the court.

Court yesterday, when he was arraigned with Paul Farrell and Oliver Waller for the alleged theft of a bicycle, a horse and buggy and the robbery of a candy factory. His companions, too, blamed him for getting them in the scrape. The trio of youngsters hid the bike, loaded candy and gum into the buggy, and made a pilgrimage to Anaheim and Burbank, to escape school, their parents said. They finally abandoned the fix.

The boys' ages range from 13 to 14. Martin and Farrell were sent to the Detention Home and Waller was put on probation.

Judge Wilbur interceded for Martin to some extent when his mother told of his keeping \$1 of his pay for spending money.

"It was understood he was to get spending money, wasn't it?" said the court.

Mrs. Martin admitted this, but said the boy took it without consulting her. She remarked that since she and her husband had purchased a new home, Frank is out from early to late every Sunday.

"I go to Venice or the ball game," said Frank. "I've worked four months out of five in a print and paint shop. When dad was short of money in paying for the new place I only took 50 cents of my wages. But they always call me a black sheep."

WANTS TO GO HOME.
BOY FORGETS HIS CHAINS.
"Yes, I want to go home," declared 10-year-old Frank Morgan in the Probation Office, yesterday, after appearing in Juvenile Court at the expiration of a six-month term in the Strickland Home. "Say, we had bully times out there, though. We went to school and they let us play, and once a week they took us out to a great big vineyard. We could eat as many grapes as we wanted, and they didn't make us pay a cent."

At the time Morgan became highly indignant at what he characterized as the "butting in" proclivities of his neighbors. He asserted that chaining up Frank was the only way to prevent him from stealing and running away. The court's informants, however, insisted the boy never went far from the neighborhood and attributed his acts to the treatment he received.

The boy's mother is dead, and Judge Wilbur instructed the father to secure a housekeeper and take other steps to make a comfortable home for Frank.

ACCIDENT GET WATER.
GAS ENGINE COMPANY SUE.
Prof. that potato-growing in Southern California is a paying proposition, was contained in a suit filed yesterday by Bertha M. and Arthur W. Fisher against the Western Gas Engine Company for \$45,000 damages. The Fishers complain that the alleged failure of the defendant to properly install a pumping plant they contracted for has ruined their crops.

It is averred by the plaintiffs that they own 140 acres of land in Riverside county, and that on February 25 last they entered into an agreement with the defendant to install the pumping plant.

With the prospect of plenty of water from this source for irrigation purposes the Fishers acquired their sowed big crops. It is charged that the plant was not erected properly, that the engine leaked and there were other deficiencies which prevented the necessary distribution of the water.

Slightly more than 200 acres of potatoes, the plaintiffs charge, and that only the lack of water, which should have been furnished by the pumping plant, caused the crop to fail.

The Fishers say that had the plant worked there would have been a yield of 8000 sacks, and that they would have secured \$3 a hundredweight for them.

TO INAUGURATE NEW METHODS.

EDUCATION OF DOUBTERS PART OF GENERAL PLAN.

System Prepared by Director of Education for First Congregational Church to Go Into Effect. School Teachers Most Important Feature.

A great forward movement will be inaugurated in the Sunday-school of the First Congregational Church on Sunday, with a determination to make it a school at least equal in membership to the congregation which has on its rolls 2925 names.

A special effort is under way to have every enrolled member of the school present, as well as a large number of new ones. The director of education of the church, has been at work on the plans for a couple months and Sunday will mark the resultant beginning of the educational work of the year.

The school has been thoroughly graded; some new teachers added and the equipment increased. A printed announcement, outlining the courses of study in detail, will be put into the hands of every parent, so that the exact work to be done may be fully known.

Special emphasis is being placed upon the work of preparation for teaching. The director of education, Rev. H. S. Tuttle, will conduct a class for young men and women during the regular Bible School hour, taking up the moral interests and religious growth of children; the Bible as adapted to various ages; and a study of methods of teaching.

On Thursday evenings a "School for Teachers" will be held. Prof. Charles W. Waddle, head of the department of child study and pedagogy of the State Normal School, will conduct a course in the study of child-development, on the first and third Thursday of each month, from 8:45 to 10 p.m. This course will be open to all, though especially intended for Sunday-school teachers. Rev. Mr. Tuttle will conduct a course in Bible study for teachers at the same hour, on the second and fourth Thursday of each month. Department teachers' meetings will be held at 8 p.m., following the classes.

A number of new courses are announced for the home study department, which already has a large membership.

Considerable interest has been aroused by the announcement of a class for doubters. Letters from outside the city have been received by the leader, Louis K. Webb, and a large enrollment is anticipated. The class will not follow a text-book or outline, but will take up such questions of religious belief as may be presented by the members. The purpose is to meet such inquiries without prejudice, and with frankness and sympathy. Mr. Webb has had exceptional preparation for this work, both in the educational and religious field. The class is open to men.

Another of the new courses, which promises to be especially fascinating, is a study of the early conquests of Christianity in the first century of its growth in the Roman Empire. This period of history has but recently been enlightened by careful research, and is proving one of the most thrilling of world progress. Miss Elizabeth Packard, a teacher of more than local popularity, will conduct this course. It will be open to women.

SUE ON CONTRACT.

Judge Welborn is hearing the action brought by the Los Angeles Gas and Electric Corporation against the Western Gas Construction Company of Ft. Wayne to recover \$28,323.45, alleged to be due on a contract involving the delivery of a gas apparatus which it is alleged did not come up to specifications.

LENGTHY TRANSCRIPT.

The transcript in the famous tideland suit will be filed in the Supreme Court today. It probably will not be considered before the April term. The manuscript contains about 400 pages.

THE DEBNEY OIL COMPANY HAS FILED A COMPLAINT IN THE KERN COUNTY SUPERIOR COURT FOR A DECLARATION OF TRUST AND AN ACCOUNTING AGAINST THE PROVIDENCE OIL COMPANY, THE MIDWAY OIL COMPANY, THE STANDARD OIL COMPANY, THE KERN COUNTY NATIONAL BANK, T. F. GILBANE, JAMES SPEARS, HENRY POTTER, CHARLES H. KARLE, A. T. JERGIN, PALLADIUM INSURABLE OIL LAND CO. AND OTHERS. VALUABLE OIL LAND IS IN DISPUTE.

William Fenneman, sales manager of the J. F. Lucas Company, has tendered his resignation, to take effect October 1. He will be succeeded by Paul N. Boggs, who has been assistant general manager of the company.

The Standard Oil Company drilled a big gas well last Wednesday on its Maricopa section. The well is known as No. 2, and is said to be producing from 35,000,000 to 40,000,000 feet of gas a day.

In the North Midway district on section 14, 31-22, the Engineers' Oil Company has struck the live oil sand at a depth of 1800 feet in well No. 1. The well will be finished as soon as the cement hardens sufficiently. The company is operating on land leased from Bear Creek Oil and Development Company.

Col. Timothy Spillacy, well-known oil operator in California and Mexico, has been spending an enjoyable vacation at his old home in Pennsylvania. He will return to Los Angeles soon.

F. V. Gordon, W. D. Wilson and M. F. Valta, associated together in the oil and land business, are called upon to make frequent trips to the north to look after their affairs.

For Yankee Trade.

MAIL SUBSIDY TO HELP COMMERCE.

EXPERT SAYS MERCHANT MARINE WILL REAWAKEN.

The development of ocean commerce between the East and West coasts is assured by the recent government mail subsidy, which has been offered to vessels which will make their ports at both sides of the country and will utilize the Panama Canal in so doing, according to Bernard N. Baker, one of the leading steamship men of the East, founder of the Atlantic Transportation Company and its chief owner until the recent sale to International Mercantile Marine Company. Baker, whose home is Baltimore, is staying at the Alexandria for a day.

Baker is stimulating interest in a new steamship line from New York to Seattle, with all of the intermediate ports, including Los Angeles, as stopping places.

"It will mean the reawakening of our merchant marine and help to bring to the Pacific Coast many of the immigrants, who land in New York or eastern ports and never get much farther, to have the canal a reality and to have steamships plying directly from European ports to the West Coast," said Baker.

"California needs a high type of immigrants to till its vast farm areas and develop the commercial and manufacturing industries, which are impossible without the proper kind of labor. While in Europe recently, I was told in several of the maritime cities that the international steamship lines intended to send some of their vessels directly to Los Angeles and other Pacific Coast ports."

Speaking of the recent subsidy plan of the government, Baker declared that it is absolutely essential in order to assist in the establishment of a merchant marine.

"The plan has been fought ever since it was projected by interests which would be affected in freight and passenger transportation if the subsidies assist in bringing in new lines of steamers."

"The Attorney-General of the United States approved the plan of subsidy, July 12. I have had conferences with officials of the California and Atlantic Steamship Company, with the American and Hawaiian Line officials and with the International Steamship Company, and they have all expressed their approval of the subsidy. As outlined in the instructions and restrictions, the subsidy cannot be granted to any steamship line connected with any competitive railroad system or with any of the clearly defined combinations or trusts, and benefits of it shall be granted in equal division to the companies which follow the plan."

Baker is one of the incorporators of the proposed \$15,000,000 Atlantic and Pacific Transport Company, which is projecting fifteen mail and express steamers, to be built in conformity with the requirements of the Panama Canal.

"One of the things which Baker talked about is the value of the oil fields of Southern California. With fuel oil at 50 cents a barrel and less, he said, it will be possible to compete with all foreign vessels for coastwise traffic."

School Teacher Saves Speaks of Saving and Suffrage

A school teacher of this city saved from her modest income in the past three years just \$599, not a fortune, but she is now using it to start a business school of her own. She says: "Three years ago I came from the East to take a position in one of the Los Angeles public schools. Out of my salary I have saved in that time \$599—the sum I needed to achieve my own ambition, start a small school of my own. I wanted to be independent of any salary, if any employer, to be able to feel that at any time, should I be sick or some unforeseen contingency arise, I should be capable of meeting it with my own resources."

"I think every woman should feel that what the men are financially dependent upon the men they cannot hope to enjoy the same independence. Every woman should have her own bank account. Then there would be no asking hubby for so much for this or that item of dress, and it helps as well to make her more systematic in the home."

Every woman starts out with bank accounts at the Merchants' Bank and Trust Co., 297-311 E. Broadway. Naturally, there is no opportunity in the bank for them to keep a very systematic system, but they find that an automatic system of their own is an automatic system of their own. Get acquainted with the automatic system. Get acquainted with the automatic system. Get acquainted with the automatic system.

WE have just been received of the wedding on the 9th inst. of Miss Anita Putzer, daughter of Mr. Putzer, professor emeritus of the University of California, to Dr. William James of this city. The wedding was a very simple affair, the bride's friends, the romance began more than a year ago, when Dr. James attended the wedding of the bride's sister, Florence, to his brother, Dr. H. Bovee. Prof. and Mrs. Putzer were not aware that their daughter had more than a friendly relation for her brother-in-law until they received a telegram from Dr. James at Oxnard, where their daughter was the guest of her sister, asking permission to wed her. The young couple came immediately to this city, went to Catalina, where they had their honeymoon. They are now located in this city. The bride is the daughter of the University of California, was one of the most popular members of the college set in Berkeley.

Wedding Date Announced.
Mr. and Mrs. Amasa Spring, of No. 1700 Gramercy place, announce that their daughter, Miss Vera, has chosen September 7 for her marriage to Lawrence.

Reception Committee Takes Them
Sight-seeing on First Visit to Southern California and Shows Class Initiated into Order of Knights and Ladies of Security.

W. B. Kirkpatrick, national president of the Knights and Ladies of Security, and J. V. Abraham, national secretary, arrived in this city yesterday afternoon to make the preliminary arrangements for the national convention which will be held in Los Angeles on June 10 of next year.

At that time representatives from twenty-five States, numbering over a thousand, will attend the convention which is expected to be the largest which the Knights and Ladies of Security have ever held.

The visitors were met at Arcade station by a committee that escorted them to the Alexandria, which will be their headquarters during their stay here. This committee will also have charge of the series of entertainments and sight-seeing trips which have been planned. As neither Kirkpatrick nor Abraham have ever visited California, the sight-seeing will be especially interesting to them.

After a banquet given in their honor at the Hotel Lankershim last evening, the national officers viewed a district class initiation, numbering 303, at Blanchard Hall. The class comprised different councils in Los Angeles county.

The entertainment committee will take Kirkpatrick and Abraham over the Balloon Route today. This evening the visitors will preside at the installation of officers at the Pasadena Council. Tomorrow morning will be devoted to sight-seeing in Pasadena and the orange groves, returning to Los Angeles for lunch. In the afternoon, a reception will be held at the Alexandria from 3 to 4 o'clock. An informal reception will be held by the members of the Angeles County Council of the East Side tomorrow evening. Sunday will be passed in sight-seeing in this city.

The councils in the Los Angeles county district of the Knights and Ladies of Security are the Los Angeles 127, Angellina, Pomona, Long Beach, Juana and Sherman. The members of the reception committee are Mrs. Mary M. Hannam, chairman, Mrs. Florence Bates, Mrs. Eleanor Neal, Mrs. Mary A. Merry, Mrs. Edna Sebastian, Mr. and Mrs. Thomas H. Lewis, Minnie Ostlund, Mattie Stringer, Maude Chase, Dr. George H. Richardson, O. L. Roberts, Frank Dennison, William Brown, T. J. Mills and J. W. Lee.

Kirkpatrick and Abraham leave Monday for San Diego and San Bernardino.

TO SAVE THE DEER.
Zoo Man Asks Public Bodies to Unite in Request for Legislation for Local Protection of Game.

Legislation to save the deer of Los Angeles county is needed at once, declares Animal Keeper Rice of Eastlake Park zoo, and he is trying to persuade the principal public bodies of Los Angeles to unite in a request to the Governor to include measures for this purpose in the coming call for the extra session of the Legislature.

"Only three does are reported in Griffith Park this season," said Rice yesterday, "and eleven does with their fawns were seen the other day at the head of Arroyo Seco. No male deer were noticed in either instance. It means that the little bands are the unprotected prey of coyotes and mountain lions, while a wildcat will easily get away with a fawn. There are no bucks to protect them, because they have all been shot off."

Taxidermists in this city tell me that they received 142 heads for mounting during the season just ended. This indicates that probably 500 male deer were killed, and I do not think that there are over 2000 bucks left in the entire State, in which Los Angeles county is situated. Something must be done to preserve them or we shall have no deer left."

"There are only three does were seen in Griffith Park this year, last year and the year before that there were many that plans were contemplated to trap a number and keep them on the forty-acre plot."

"Sportsmen can readily go a greater distance from the city for their hunting, as most of them have time, money and own machines. Talks with several hundred people have convinced me that there will be no opposition from any other quarter to a law that will restrict the shooting of male deer in the district. It ought to be passed at once."

WHERE'S THE RANCHMAN?
Brings Load of Mules to City and Disappears—His Family at Downey Greatly Worried.

The police were asked yesterday afternoon to search for Ben Porter, a Downey ranchman, who left his home Tuesday with a wagonload of mules to sell at the circus grounds. Porter has not been seen by his family since. They are greatly worried. Porter's wagon and horses were found by the police in the possession of James Ralph, a teamster, who said the ranchman had left them with him and had not returned.

Porter is said by his family to have had several hundred dollars in his pocket when he left home. He was taken to the Central Police Station and closely questioned by Detective Jones, but his statement was not satisfactory and he was released.

BRIDGE LUNCHEON.
One of the delights of the week was the bridge luncheon given by Mrs. Alexander Foster Thornton at her country home in Ramona Park. Guests included: Mrs. Eugene S. Ives, Mrs. A. Balcom, Mrs. Alexander Duer of Altadena, Mrs. Olive Wood of Altadena, Mrs. J. Arfegdon of Ocean Park, Mrs. W. C. Taylor, Mrs. L. Ross, Mrs. Richard Stott and Mrs. J. Whitney.

TRIP ENDS.
Miss Lillian Sylvester, of No. 2957 Brighton avenue, has returned from a six-months' trip through Iowa and eastern States.

BIRTHDAY ANNIVERSARY.
In honor of her eightieth birthday anniversary, Mrs. John Lang, of No. 915 South Alvarado street, entertained the members of the German Ladies Benevolent Society at the Casino, Ocean Park, Wednesday afternoon. The guests were: Mrs. J. Lichtenberger, Mrs. J. Milner, Mrs. Chris Krenple, Mrs. Selma Grass, Mrs. E. Grosser, Mrs. C. Brode, Mrs. Theodore Friese, Mrs. C. H. Vernon, Mrs. R. Matthis, Mrs. C. Herberger, Mrs. Matthis, Mrs. Schaller, Mrs. L. Henniger.

Bendall, Mrs. E. Bixel, Mrs. D. Mahrt, Mrs. K. Thompson, Mrs. K. Thorber, Mrs. S. Mathias, Mrs. C. Hofer, Mrs. C. Griffith, Mrs. L. Dodge, Mrs. M. Joughin, Mrs. F. Johannsen, Mrs. A. Lauth, Mrs. A. Brochamp, Mrs. E. Klemm, Mrs. R. R. Rost, Mrs. A. Schmidt, Mrs. E. Rudolph, Mrs. E. Grebe, Mrs. F. Mathias, Mrs. J. Gollmer, Mrs. Charles Gollmer, Mrs. J. Schaefer, Mrs. J. Smith, Mrs. August Schmidt, Mrs. A. Wenger, Mrs. M. Freire, Mrs. H. Puck, Mrs. E. Fuhrberg, Mrs. A. Otten, and Mrs. H. Gerkins. Mrs. John Miller, president of the society, made an address.

Honorary Guests.
Mr. and Mrs. Albert L. Parsons, of West Forty-second street, have as their guests this week, Mr. and Mrs. Robert S. Norris and children from Honolulu. Norris was formerly associated with Parsons in the sugar business, and is now in that line in the islands.

Getting Ready.
OFFICERS LOOK OVER GROUND.

NATIONAL LEADERS PREPARE FOR CONVENTION.

Reception Committee Takes Them
Sight-seeing on First Visit to Southern California and Shows Class Initiated into Order of Knights and Ladies of Security.

W. B. Kirkpatrick, national president of the Knights and Ladies of Security, and J. V. Abraham, national secretary, arrived in this city yesterday afternoon to make the preliminary arrangements for the national convention which will be held in Los Angeles on June 10 of next year.

At that time representatives from twenty-five States, numbering over a thousand, will attend the convention which is expected to be the largest which the Knights and Ladies of Security have ever held.

Out of Tune.
PLAYERS REBEL AGAINST UNION.

OBJECTS OF DISCRIMINATION LEAVE IN BODY.

Bachman Orchestra, Denied Work, Though in Good Standing, Rescues Musicians' Federation and Forms Independent Organization. Boycott Threatened.

In united and determined protest against what are designated as unreasonable demands and more unreasonable discrimination exercised against it by the local Musicians' Union, the Bachman Orchestra, one of the large

musical organizations on the Coast, yesterday made known its complete severance from the federation. It will become an independent organization.

The cause of the rupture, according to Max Bachmann, leader and former musical director of the Hotel del Coronado, in that it is impossible for his artists to make a living under the conditions imposed upon them by the union. Until within a few days, he states, the members of his orchestra have belonged to the union and have in all ways conformed to its regulations, notwithstanding which they have been the objects of discrimination amounting to persecution.

Most of his musicians, according to Herr Bachmann, are foreigners with but little, if any, knowledge of English. For that reason, he states, they have been denied every desirable and lucrative engagement and their places filled by players who are personal friends of the directors of the union.

The organization came to the Coast a year ago from Chicago, where a number of the players were members of Theodore Thomas's Orchestra. Since their arrival here and during their period of membership in the local union, Herr Bachmann declares that some of the men have not been able to earn a cent, while others have had to subsist on the little that they could make by individual engagements.

Since Herr Bachmann declared his independence from the union, some days ago, he was offered the lease of the bandstand in the dancing hall of a local amusement park. It is a privilege entailing large profits for lessor and lessee alike, and the offer was promptly accepted. The articles were about to be signed when the promoter of the amusement park was curtly informed that if Bachmann got the lease the park would be boycotted by

the local musicians. The article will appear in the coming Sunday. The article will appear in the coming Sunday.

HOW IT STANDS.
Chief Engineer Joyner says in his report: "There appears to be no hope that the road system can be completed unless we have more funds than appear to be available. There is a remaining in the highway improvement fund on July 1 only \$1,868,590.47, and of that amount \$945,185.67 (estimated) must be expended to complete roads under contract, leaving a balance of only \$923,404.80 for the completion of 99.42 miles of road, contracts for which have not been let. The original estimate for the roads called for an expenditure of \$1,129,750.82 with which to build the 99.42 miles not yet under contract, which leaves \$164,646 in round numbers between the amount actually available for the completion of the road system and the amount the county had a right to expect would be available. The broken-stone item alone had, up to July 12, cost the county about \$230,000 for ninety-two tons used in excess of what the plans and specifications called for, and that the plans called for about \$175,000 worth of stone—70,000 tons more than appears in the original estimate or that good, careful road construction would call for."

"The thickness of broken stone contracted for was greater than the thickness originally estimated, and I find by calculation that this excess thickness amounts to practically one inch. As there were 99.42 miles completed and accepted, the twenty-seven miles (estimated) of macadam laid on uncompleted contracts up to July 12, this one inch excess extended over about 124 miles, and required about 7,400 tons."

"I believe that the only conclusion that can be drawn is that at least \$400,000 of the \$500,000 deficiency has been wasted on the broken stone. The fact that there were 22,000 tons of stone lost through what could only be called carelessness indicates that a like carelessness might have been shown in the execution of other branches of the work."

"The grading cost at the rate of \$2000 per mile—rather a large amount for highway work, considering the localities in which the roads were built. Bridges and culverts cost \$1300—a rather low sum, due probably to the wooden structures erected. Engineering and supervision cost 3 per cent.—a too small amount, and it is my opinion that keeping this charge so low was mainly the cause of the great waste at other points."

"As far as I know the waste has been stopped. There appears to be three ways in which the cost of construction can be materially reduced: First, by stopping the reckless throwing away of material; second, by reducing the thickness of macadam to the economical limit; and third, by the narrowing up of the width of grading."

The personnel of the present Highway Commission is: Thomas E. Earley, chairman; David K. Edwards and William A. Gillette.

George H. Bisby was chairman of the old commission, and Martin C. Marsh and J. W. Calvert the other members. A. E. Leder was chief engineer.

The members receive \$5 a day for every working day.

Change of Time—Salt Lake Route.
Effective Sunday, September 24, Salt Lake Road and Stage Line for the Coast. Intermediate stations will leave Los Angeles daily at 7:45 a.m., 9:15 a.m., 11:00 a.m., 2:15 p.m., and 3:30 p.m. No change in overnight trains. For Long Beach and San Pedro, local trains, making all stops, will leave at 12:05 Sunday only, 1:45 a.m. week days, and 2:10 a.m., 4:10 p.m. daily. Steamer trains, stopping only at Long Beach, leave daily at 3:30 a.m. and 5:00 p.m. See ticket agents for further particulars.

GEORGE W. BURTON has written of "Imperial Berlin" for The Times Magazine of the coming Sunday. The article will appear in the coming Sunday.

EL SEGUNDO

"The City That Must Be Built"

EL SEGUNDO

Those Low Priced Lots Near The Industrial District

are a splendid buy—and the opportunity for profit is great. The occupation of this Industrial District by busy factories and hundreds of skilled mechanics will mean a strong demand for lots for "house" purposes. Many shrewd investors realize this and are now purchasing these residence lots at \$350 up. Some intend to erect cozy bungalows. Others will hold the lots until that time when large population has caused increase in value and permits a resale at good profit.

NOTHING PREVENTS YOUR PARTICIPATION in this money-making offering. Nothing stands in your way. The price is low—the terms are very easy. \$10 per month from your savings will take care of the payments on an El Segundo lot and you won't miss the money. Don't hesitate. ACT TODAY.

CONTRACTS ARE NOW READY!
Those who have already purchased lots are requested to call and get their formal contracts.

LOTS NEAR THE INDUSTRIAL DISTRICT are on high ground, and make ideal home sites. Many purchasers of these lots, intending to erect bungalows for renting purposes, will secure good returns on the investment.

STANDARD OIL COMPANY will expend great amount of money for the new Refinery. Construction work now under way. When Refinery is completed, large number of men will be regularly employed.

EL SEGUNDO HAS AN OPPORTUNITY FOR YOU. Come in today and get details. Then take "Del Rey-Rodriguez" car to El Segundo Station. See Mr. Cadwalader, our tract agent on the ground.

Mr. Wad Views With Alarm John L. Sullivan's Candidacy for Congress!

SEEING THE COLLEGE ATHLETES.

BY OWEN BIRD.

The "Friends" down Whittier way, are roaring around at a terrific pace for Quakers, who are supposed to be a peaceful folk. The whole trouble seems to lie in the fact that the students from the Post college have a chance to turn out a winning football team this season. The whole campus is agog over the prospects of this fall, and every man in the college, who has two good legs, is on the field working for a berth on the team, which is expected to bring everlasting fame and glory to the football institution.

The Quakers hit the conference last season with a resounding bang, which was felt throughout the length and breadth of the land. They played a phenomenal game, and it was a surprise to all who saw it. The Quakers were not only a team, but a team of the future.

We have not been giving the Quakers his due for the past year or so. True, for the first two years that he was in the Southern Conference there was only defeat after defeat scored, but lately good coaching and a great college spirit have been working wonders till at the present time a dangerous factor has come from the outer darkness and Whittier is no longer a foe unworthy of the steel in the rest of the southern colleges.

Manager Bailey Howard horned his way in yesterday, with a few remarks to the effect that the Occidental-Whittier game was going to be one of the best gridiron battles in the South this season.

"This stuff about there being no big game for Los Angeles, gets us weary," said Howard. "You know what we did to Pomona and Oxy last year. Well, we have by far a better squad this season and figure on handing these two colleges eleven or twelve wins like a short and package."

Now there may be something in this line of talk. It will be remembered that last year the Quakers had the forward pass working to a better advantage than any team in the South and their open style of play was second to none, but what they lacked was numbers. This year this latter difficulty has been overcome to a large extent and there are about thirty-three men on the squad, all of whom are husky fellows seeking what they may devour.

Coach White is a great tactician and with a wealth of material, Whittier should be able to put over a surprise.

This is the third of a series of news articles to be written by Owen R. Bird on the outlook for the athletic year at the different Southern California colleges.

Another "white hope" in "Big" Rennecker is to be reckoned with when the football dops is figured. The large one has been with the Quakers for many moons, having taken his high school course in the Quaker academy, and at the present time he is on his last lap in the race for learning in the college. Rennecker is some fullback and was chosen for the all-southern eleven last year at this berth. This is a recommendation enough for the mighty one, thought it might be said in passing that he is the pride of the co-ed and the freshmen.

Sharpless, Criss and Allan are all back, looking fit for the battle of their several lives. The registration yesterday of Oliver and Lester caused another flurry in athletic circles. These two youngsters come from Whittier High, where their stellar work on all the teams was a feature through the years of their prep course.

Oliver was the sensation of the season in southern scholastic ranks. Whittier High has been the birthplace of many good players, as Brewster, Hatch, and Haskell, but it is stated by those who know that none of them ever showed greater promise than does "Lanky" Oliver.

He has speed, control, curve and everything else that goes to make a pitcher, minus only experience. Oliver possesses a clear head and a quick brain, remarkable for one of his age. Lester is a first-baseman of great repute. He covers the initial bag as well as the rest of the team. A base runner he is hard to beat, and his work with the willow is above the average. Perhaps, however, it will be in the role of a batter-shooter that he will be the most valuable to the Quakers. Many of the old stand-bys will not return to the college this year, or if they do their services will not be available for the court game.

For a time the outlook was dark, but now things are beginning to brighten up materially. Lester is a forward, and as such should fill one of the vacant forward berths. Oliver is also a basketball star, who will help the good work along with Lester, Oliver, Stone, Taber and Sharpless, Allan and "Big" Rennecker of last season's victorious five, there seems to be no reason why Whittier College should not once more turn out the championship quintette of the south.

Harry Lord is still plugging away in the Flanders "Twenty" hitting the high places in the Portland woods. He is covering a vast stretch of country and is blazing a route from this city to Vancouver that will be interesting to follow. He will be back in time for the Santa Monica road race.

getting around Billy. He is liable to spring a surprise some of these days, and come through with the necessary speed. If he does, it's all off with the fellow who plays against him. They'd better send for the Doc before the game begins.

Another "white hope" in "Big" Rennecker is to be reckoned with when the football dops is figured. The large one has been with the Quakers for many moons, having taken his high school course in the Quaker academy, and at the present time he is on his last lap in the race for learning in the college. Rennecker is some fullback and was chosen for the all-southern eleven last year at this berth. This is a recommendation enough for the mighty one, thought it might be said in passing that he is the pride of the co-ed and the freshmen.

Oliver is also a basketball star, who will help the good work along with Lester, Oliver, Stone, Taber and Sharpless, Allan and "Big" Rennecker of last season's victorious five, there seems to be no reason why Whittier College should not once more turn out the championship quintette of the south.

BY BERT C. SMITH.

D. B. Hull, factory representative for the Cartier, is here with the friction-drive machine ready to hand them to about fifty purchasers during his brief stay. The new 1912 line of Cartiers looks particularly good, and the factory man sort of impresses me as being a live wire.

E. Roger Stearns and family are in San Diego. They will remain there for the rest of the week. The Stoddard-Dayton man will be back Monday morning ready for business. He expects to hustle out a line of cars such as have never been moved off the Stoddard floor in any previous season.

Bert Davis is doing well for the W. D. Howard company. He says his six-cylinder Winton is easy to sell. He must be telling the truth. He has had the experience that is necessary to make a good salesman and now that he is lined up with a good car the combination ought to work wonders.

Earle C. Anthony is still in the northern wood having a gay old time. He expects to remain there for another two weeks. In the meantime things are moving along rapidly at the Packard agency and the cars are being turned out in ever-increasing numbers. This is to be another good season for the handsome high-grade car.

About time H. O. Harrison was coming down again. The Peeries and Everitt man is due for a visit and, as business looks particularly good and the cars are coming out here in large numbers, he need not trip back to the factory. Come on, Harry; we will be pleased to see you, especially if you are willing to take us for a ride in that new Peeries "Three". It's a wonder and we agree with you that it will be one of the best sellers in its class.

Hughson & Merton's new plant on

should be done there. Hope Billy Hughes comes down for the big opening. For he's a jolly good fellow and there is lots for him to do here just now.

Albert Doer is proud of that new Knox. The car shows its real class and is certainly a handsome machine. The Knox people are turning out an interesting line this year.

P. A. Renton is spending his time looking over the specifications of those new Velle cars. The line is interesting and the cars have the right kind of class. The Velle motor is always good. Any engine that will make good after a four-mile drive through the mud on low gear has the right kind of class, I guess. If you don't believe me, ask Roger.

E. E. Caister is ill at his home with inflammatory rheumatism. After sustaining an injury in the La Crosse game, at Fiesta Park, the Packard man was taken seriously ill and is confined to his bed. Mrs. Caister is also ill and has undergone a serious operation.

Tom Carrigan is a baseball fan and his delight is in a real big victory for Vernon. His face wore that same expansive smile yesterday as the tallies were swatted out in one, two, three order. Then he invited Eddie to take a ride in a "good car," but the Vernon team magnate had other fish to fry. It was necessary for him to consult with "Hap" Hogan on the best and shortest way to grab that pennant. Eddie used to play ball himself some. Ask him about that, though.

Bert Dingley is driving a Chalmers. Detroit. No, it's not a racing car, but then you can't tell what will happen. It's interesting just to wonder what car Bert will drive in the Santa Monica road race. Perhaps it will be a

what he will do, but Bert will have a fast car, that's a safe bet.

Harry Lord is still plugging away in the Flanders "Twenty" hitting the high places in the Portland woods. He is covering a vast stretch of country and is blazing a route from this city to Vancouver that will be interesting to follow. He will be back in time for the Santa Monica road race.

AT CALIFORNIA AND STANFORD.

Art Shafer, the former Santa Clara ball player, who was with the New York Highlanders last year, is attending Stanford and is out with the Rugby squad.

Stanford will have an unusually heavy scrum this year. In the game with the Barbarians Saturday several players, including Patridge, Schupp, Dale and Smith showed up well.

The San Diego Rowing Club is to enter crews in the regatta that is to be held on Lake Merritt, Oakland, October 12. The regatta will be conducted by the Pacific Oarsmen's Association.

"Tommy" Yarrando, the former St. Vincent's athlete, is captain of the Rugby team at Santa Clara College, this year.

Seventy-five students will be in the cast of "Follies," the opera to be presented by the Schubert Club, at Stanford, next month.

An interclass swimming tourney is to be held at California, October 7.

S. L. Arnot, '13, and A. J. Beckett, '13, have been chosen assistant yell leaders at California.

S. W. Oldham, '13, of Los Angeles, captain of the Stanford baseball team, has left the campus for the remainder of this semester. He will return next spring and again will twirl for the Cardinal nine.

Stanford now boasts of a student band, including fifty musicians. University credits are given for playing in the band.

Port, center three-quarters on the California team, is playing the star game for the blue-and-gold segregation.

FEATURES FANCIES FOR MEN

Men's Hint: Select a becoming color for the season. There are many advantages in this plan. First, it gives the appearance of being better dressed, when all you have done is to select a color. Second, it gives you a chance to wear a color that is becoming to you, and that is a color that is becoming to you. Third, it gives you a chance to wear a color that is becoming to you, and that is a color that is becoming to you.

Good to Eat.

Did you imagine, for instance, that a grocery store could make such a beautiful showing as did Jern's? Everyone knows that you can get the very best possible only things there, but I had not thought how handsome they might display. Take, for instance, that window filled with candies—wasn't it sweet? Did you see that great "apartment box," with lots of odd-shaped little boxes, of different kinds of candies, all fitted together so nicely—my! I hope he sends that to his sweetest sweetheart, for if he does, he will surely be something more than just a candy-man. I do hope that corner box is filled with those new creamy-fruity-coconut-nutty-walnutty and every other kind of goodie goodies. They are the most delicious confections that I ever tasted. I just merely did taste, but I have been dreaming about the taste ever since, and when I give myself my 15th birthday present—(why, you heard that!)—I shall give myself a big box of those.

I would like to use all those chafing dishes at once—they look so inviting in the window there. There is something so aristocratic and yet so homelike about chafing dishes, that I

them—there by the door, you know—and who tries to make you want another one—or a percolator, or dry salad dressing or whatever she happens to be talking about—told me that there were hundreds and hundreds of dollars' worth of chafing dishes in that window. I believe her, for I never saw a finer collection. Just think of all the midnight "rabbits" and "rickumitties" that will be made in all those within the next year! Doesn't it make you hungry?

It makes you hungry, anyhow, to go to Jern's; and just now, when everything is in full dress, it is a more appetizing place than ever.

Do You Like?

How do you like that magentaish-coralish-American-Beautiful color which it is the season's fad to combine with that taupe-mauve-fuschialah royal purple? They say you grow to like it immensely, after you get used to it. I have not begun to get used to it.

She Was Hunting a Waist Line.

I heard a woman say, yesterday afternoon, as she neared upper Broadway, having started at the other end of the street, and carefully looked her way along: "Well, I can't find any waist lines. There don't seem to be any." I suppose she had been searching for a waist line all the way up the street. It is said that you can find whatever you look for—but I doubt if she finds that—this season.

Numbered Like Pictures.

Did you notice how the gowns in one of the houses are numbered, like pictures in a gallery of art? Inside, you are presented with an art catalogue, telling about all the Paris gowns there shown.

Indifferent Men.

Have you noticed how indifferent the men are to fashions? Just observe, as you pass along by that store where the living models appear in the windows, and you will see that the most of that blockade is made by men. No, they do not care about style.

Window Changes.

It is whispered that there will be a number of changes in the window gowns during the days of the Fashion Show.

Striking Furs.

At Obrikat's on Hill street I saw the one-sided effect brought out most strikingly in furs. A large muff was composed half from a skin of fox in snowy white and half from a fox skin in black. The neck piece had the same arrangement, the white skin forming one side and the black the other, and the two joined at the back by an overlapping head.

DIGGING FOR A JURY.

Judge Bordwell Hopes to Facilitate Dynamite Trial by Issuing Preliminary Verdict.

Unless subsequent events prevent, the trial of the McNamara brothers, charged with having dynamited the Times Building, will be staged in a new department of the Superior Court. It is to be located in the southeast section on the fifth floor of the Hall of Records. That was the statement issued yesterday by Judge Bordwell, who will preside over the trial, which is set for October 11.

Another important announcement by Judge Bordwell is that within the ensuing two weeks he will issue a preliminary venire call. The venire will contain the names of 200 prospective jurors. They will be queried by the court and attorneys for the defense and prosecution as to their qualifications for jury duty, and the impossible ones dismissed. After the entire venire is disposed of another of similar size will be summoned until the entire 1200 names on the jury list is exhausted. It is hoped by Judge Bordwell to facilitate the tire some task of selecting a jury for the trial of the case by this method.

SUBTLE APPEAL FOR SUFFRAGE.

BOSTON FURNISHES READER TO INTERPRET-PLAY.

Art Takes Place of Argument in Swaying Women to Espouse the Great Cause—Masterlinck and Elizabeth Robbins Instruments to Sound Seductive Campaign Song.

Art and not argument will be the method of Mrs. Marion Craig Wentworth in the subtle appeal which she will make for woman suffrage at the Mason Opera-house both Saturday afternoon and Saturday night when she will give free readings from Masterlinck and Elizabeth Robbins.

To send to Boston for a dramatic reader and to rent one of the largest theaters in town for her two engagements, was an ambitious undertaking, and the Votes for Women Club members were stunned with Miss Foy's audacity in doing so. The indications are, however, that, regardless of the influence upon the voters, these two meetings will be the greatest numerical successes yet held in a spectacular campaign, inasmuch as a woman with a vision equals her fame as an interpreter of the drama.

At a social affair held in her honor at the Alexandria yesterday afternoon, Mrs. Wentworth talked briefly of the suffrage campaign in California and of why she chose Masterlinck's book for the opera "Ariadne and Bacchus Blue" for her reading in this city. In woman suffrage she sees a means and not an end. The means lies in its possible assistance to the coming race. It is a step to Mrs. Wentworth in preparing the super-mother of the super-man. It is, to her, the arrival of women at the point of equal responsibility with men in the next advance.

She thinks of woman suffrage as having to do with the great consciousness which humanity must enter and which it cannot approach by halves. Humanity's arrival at this point, Mrs. Wentworth feels to be inevitable and, in votes for women, she recognizes a gleam on the path. She works for it with heart and hand because it bears to her the significance of the next step. In the scale of evolution, it is to her mind a present essential.

LOCAL WINDOW DRESSERS.

Clever Men Who Deserve Credit for Creating the Handsome Decorative Effects.

We suppose that many persons who admired and exclaimed, as they viewed the beautiful windows of the Fashion Fete, cast no thought to the artists by whose accomplished hands the scenes were wrought. Some of the window decorators, to whom great credit is due for the brilliant scenes in the large dry goods houses are: F. H. Mellie, for Hamburger and Sons; L. A. Cusanovich, Bullock's; Don Simmons, the Fifth street store; M. S. Hamlin, Broadway Department Store; S. G. Hackman, J. M. Hale Co.; Lloyd Newcomb, New York Store; F. D. Rava, Jacoby Bros.; F. C. Elliott, J. R. Lane Dry Goods Company; C. A. Kuper, Ville de Paris; J. M. Walters and Thomas McCabe, J. W. Robinson Company; G. N. Warwick, Coulter Dry Goods Company; Frank Hunter, N. E. Blackstone Company; Charles Talbot, The Paris Store.

A WAIT RESULTS ON RECIPROCITY

WHEAT TRADERS ARE EVENING UP.

As a Natural Result Prices Inclined to Drop and the Close Ranges to Three-eighths Below Grain in Pits Affected by Stock Market Woes.

[BY A. F. NIGHT WIRE TO THE TIMES]

CHICAGO, Sept. 21.—Pending the outcome of the reciprocity vote, wheat dealers here almost unanimously confined themselves to evening up trades. As a natural result prices

were inclined to drop and the close market was left in a state of uncertainty. In the U.S. close, the Dow Jones rose 10 1/2 points to 1,040 1/2, with more than 5 higher. The Canadian market was also up, with the Canadian election found a reason for uneasiness because of the diminished amount of the bank rate advance in Canada, France and Belgium. To offset the rise, there were liberal export allowances, and the local Government was expected to put up 10 for spring wheat quotas. Decreases ranged from 50¢/grain to 25¢, with last week's gains being mostly wiped out. The market was being directly involved by the issue of the Canadian election, felt the effects through the grain market, and the market was constituted between 23 1/2¢/grain, closing steady, shade up, at 24 1/2¢. Cash grain was at 24 1/2¢, 2 years' old at 24 1/2¢, and 3 years' old at 24 1/2¢. Notably limited to a slow rise in the market.

RAY—(Balad.) Following are leading prices

definite results are reported in Canada. In December kept as top 60% of the market last night, at 65%.

Shorts covering the huckers buying rallied provisions late in May. After trading close, pork was 2 1/2% higher, beef 1 1/2% and the shade off to advance.

The railroad loss was relatively firm. It was expected that the loss would be a relatively large deficit announced yesterday in the annual report. At times there was a feeling that the loss would be a large one, but the issue rallied later and offered effective resistance in the day's unsettling influence. The bond market was weak, with marked strength in the late afternoon. The United States Steel 5's, however, held well in sales, par value, \$2,500,000. United

Special Service The Times by E. F. Hulton & Co. Morrissey, 100 West 43rd Street, New York, N. Y. 10018. 138 West Fourth Street, Los Angeles.

NEW YORK, Sept. 11.—After making new records for the week ending Sept. 10, trading, today's prices ruled steadier and finally closed at a net gain of six to eight points. The much worn and overworked market, all the rallies but few shorts convincing, together with buying by spot interests and Liverpool was sufficient to absorb all offerings on a scale up. Heavy ratings were reported Little Rock and Oklahoma districts. General rains also indicated for the central and eastern states. This weather temporarily interfered with picking and caused offerings of spot cotton to become lighter in which event a further improvement in the market was probable for the moment, as it is held that a supply of part of the long staple which has been liquidated and a scattered short interest built up instead. Southern spot markets reported unchanged, with a 3-8 rise in advices from New England and also from reliable spot people mid the market. The cotton futures since the decline and that bids a bit lower than market prices were being refused.

Logan & Bryan's letter says:

"The cotton market showed good times with prices reaching about 15¢ higher than

last night's close. There was further speculation by Wall street that the new stock market whilst the buying was of good character during most of the session and proceedings were much calmer than with market declined to close. Liverpool was a large buyer and called that German exporters were being better in their market. Speculation from the public which is usually present at this season and before to carry the stock in connection with the absence and is unlikely to enter the market prior to the forthcoming condition report of October 5, when no doubt the amount of new cotton trading is generally attractive. Believes cotton should be bought on spot.

Following is range of quotations today.

DISCOUNT RATE OF BANK OF ENGLAND ATTES.

LONDON, SAT. 21.—The Bank of England raised its discount rate from 4 to 4 1/2 per cent. today, a week earlier than last year, in order to prevent its reserves from falling below the statutory minimum. The bank's statement for the period demands before the usual autumn gold shipments are under way. The statement also says that the bank's reserves are "sufficiently ample" and the Bank of England's stock of gold is "sufficiently ample."

New Era

MAIL THE DAWN
OF A TOMORROWThousands to Celebrate the
Trolley to Burbank.Day-Long Festivities Honor
Coming Prosperity.Barbecue, Games, Speeches,
Joy Unconfined.Burbank, set like a pearl in her
corona of gleaming hills, expects to be
visited tomorrow to 15,000 guests, in
celebration of the completion of the
new trolley line which has linked to-
gether Burbank, Glendale and Los
Angeles.Carpenters are working like Trojans
today to finish the building of the
speakers' stand, the grand stand and
the big barbecue shed beneath the
great pepper trees. As the day
can reach in either direction on
the San Fernando road great flags,
suspended from ropes swung from
poles to trees across the streets, are
giving a welcome to the coming
visitors from all over Southern Cal-
ifornia. Three flags are attached to
each pole, and there are nearly three
hundred flags in all.The people of the enterprising town
have spared no expense to make the
celebration a success in every respect.
At the big barbecue, which will be
served between 11 a.m. and 3 o'clock
in the afternoon, 750,000 pounds of
meat will be given away, not to men-
tion almost literally tons of fruit,
vegetables and coffee.There will be music and speaking
and everyone will have the privilege
of purchasing ice cream sodas and all
sorts of dainties from the church
booths and from youngsters who con-
sider it the proper thing to keep soda
water stands on every gala day.Business men of Lankershim and
Van Nuys have announced their in-
tentions of closing their shops and
stores tomorrow, and will go to Bur-
bank in special cars. The Southern
Pacific has granted reduced rates
from north to Mojave and south to
Riverside.The programme will open at 10:30
o'clock with selections by the Glendale
band. The barbecue dinner will
follow as a sort of continuous per-
formance. At 12:30 o'clock a fancy
pageant parade will be given, and
prizes will be awarded the win-
ners of various races, tug of war and
other athletic events. There will be
a burro race, the winning beast to
be given a bale of hay. The idea is
that any man mean enough to make
a burro run does not deserve a prize.
The contests will be so numerous that
the visitor who fails to land a
prize for something or other will
be awarded a prize for lack of
conspicuousness, says J. H. Hornby,
chairman of the day. At 3 o'clock
p.m., addresses will be made by Gov.
Johnson, Senator Works and Lee C.
Gates.After the speaking there will be
another band concert and a ball
game. In the evening there will be
fireworks and a dance.

WAGER WORTH THOUSANDS.

Herald Visitor, Whose Diamond At-
traction, Attention, Says He Won it on
Election Day in Kansas.A large, fine diamond attracted at-
tention to a short, simply-attired man
in the Van Nuys lobby yesterday after-
noon, and led to the discovery that
he is F. P. Smith, brother of the ill-
fated Mrs. Charles D. Fair, who was
killed in an automobile accident in
Paris in 1902.Smith, with his wife, who was for-
merly Mrs. H. D. D., a widow, and
owner of the new Orpheum Theater
building there, has been in California
looking over his farms."I am nothing but a farmer," said
Smith, who owns many of the finest
farms in the vicinity of Kansas City
on the Missouri side. "I never could
be inveigled into mining deals or own-
ing a mine outright, despite the fact
that much of the fortune I possess
came through the Fair estate, which
had its foundation in mines."Speaking of the great diamond, he
admitted it was a wager with G.
Bowers of Kansas City that Missouri
would go Republican at the last State
election for Congress. Bowers re-
ceived it as part payment of a debt
incurred by Bank President Stenland,
who several years ago wrecked the
St. Paul and Milwaukee Bank. It
weighs eleven carats and I have re-
fused \$5000 for it.Mr. and Mrs. Smith will leave today
for New York.

PREFERS DEATH TO PAIN.

Aged Woman Takes Her Life at
Daughter's Home and Gives Reason
in Note for the Act.Mrs. Sarah A. Ackerman, 71 years
old, mother of Mrs. B. B. Reynolds
of No. 2199 Boulder street, Boyle
heights, committed suicide at her
daughter's home yesterday afternoon.
Her body was found in a clothes
chest off her bedroom. She had tied
a sheet about her neck and to a
shelf from an extension table on a shelf
overhead.Mrs. Ackerman had written a note
to her daughter saying that she had
\$70 in a bank, and directed that it
be used to defray her funeral ex-
penses. She also left instructions
about the clothes which she wished
to be buried in. As an explanation for
her act, she said she had had another
attack of heart trouble, to which she
was subject, and couldn't live in
undergo another. The funeral will
be held this afternoon from Mrs.
Reynolds' home. The Boyle Heights
Undertaking Company will have charge.

Change of Time—Salt Lake Route.

Effective Sunday, September 24, Salt Lake
route for San Bernardino and
intermediate stations will leave Los Angeles
at 1:25 p.m. and arrive at 11:00 a.m., 1:10
p.m. and 1:25 p.m. No changes in overland
route for Long Beach and San Pedro.
Train leaving Los Angeles at 1:25 p.m. will
arrive at Long Beach at 5:15 a.m. week days,
and 5:30 a.m. Sunday. Daily, Steamers
leave Los Angeles at 1:25 p.m. and arrive at
San Pedro at 5:15 a.m. and 5:30 a.m. See ticket
agents for further particulars.Marine News Service has been notified
that the "Marine News Service" is being
discontinued.

PUBLIC SERVICE.

(Continued from Second Page.)

a road in El Monte, which the de-
fendant is alleged to have closed after
it had been used as a public thorough-
fare for twenty years, yesterday was
continued to next Thursday by Judge
Wilbur. The plaintiff aver that the
defendant recently bought property in
El Monte and blocked the road to
traffic without legal right.CONFERS. Albert Wilson was pro-
nounced a delinquent and George
Beach ordered to report to Juvenile
Court on October 26, by Judge Wilbur
yesterday, for the theft of a bicycle.
Both boys are colored. Wilson ad-
mitted taking the bike and Beach said
that he was trying to sell the machine
when apprehended.WHOLESALE CONDEMNATION. Con-
demnation proceedings were in-
stituted against 215 property owners
yesterday by the filing by the city of
a suit to enable its engineers to im-
prove and widen Dayton avenue from
Pasadena avenue to Avenue 22.NO JAIL MARRIAGE. Judge Mc-
Cormick yesterday on general grounds
denied a motion by Charles Ross and
Mabel Myers awaiting trial on a
charge of forgery, seeking permission
for them to be married in the County
Jail. J. M. Dawson, jointly accused
with the pair, pleaded guilty, but the
other defendants are fighting the
charge. They are alleged to have
fraudulently obtained \$20 on an express
money order.INCORPORATIONS. Los Angeles

Condon.

IN THE INTERIOR COURTS.

He Didn't Sign Pledge But Police
Judge Finds a Way to Stop His
Drinking, Anyway.E. B. White will not drink anything
but water during the next six months
whether he signs the pledge, as his
wife asked him to, or not. He will
spend that time in the East Side Jail.
Police Judge Rose sent him there yes-
terday for having struck his wife dur-
ing a quarrel.White returned to his home, No.
1022 East Eighth street, in an in-
teemed condition Tuesday night and
his wife attempted to have him promise
to stop drinking. He said he would
think it over and suggested that they
take a walk. They did so and while
on the street they disagreed over
something and the wife said he struck
her with his fist, knocking her down.She appeared against him in Police
Court yesterday and the magistrate,
after giving him a severe lecture, sent
him to jail for 150 days.

Both Receive Attention.

George Oliver, a negro, was sent to
jail for fifty days, and Joe Mase, a
Caucasian, was censured by Police
Judge Rose yesterday as a result of a
mashing charge against the former.Oliver annoyed Miss Grace Wetzel,
a white girl employed in the ticket
office of a moving picture house at
First and Wilshire streets, and was
arrested. Mase, who conducts a pool
room at No. 193 Wilshire street,
appeared as a witness for the negro,
but when questioned by the court got
his friend into a worse way than ever.

They Are Released.

Pearling that E. M. Nutting, who
lives at the University Club, was going
to leave without settling for the
repairing of a watch, George Lippold,
a West Seventh street jeweler, locked
the door of the store Tuesday and
called the police. Both were taken
to the City Prosecutor's office where
each charged the other with distur-
bing the peace. Lippold was tried
first and given a suspended sentence.
Then the other case was tried. Lip-
pold and Nutting agreed to drop the
entire matter and the cases were
stricken from the docket.

Boy-Wow-Wow.

Wong Wah and Wong Lung, part-
ners in a restaurant in Chinatown,
were to appear in Police Court yes-
terday to settle differences arising be-
tween them over the disposal of some
chop suey meat. Before the case was
called, however, the case was re-
fused by the court and the case was
dismissed. Wong Wah thought the
meat in question had outlived its use-
fulness and gave it to a dog. Wong
Lung declared it was "perfectly good
chop suey meat" and emphasized his
argument with a plate. Wong Lung
secured a complaint charging battery.

Only Two Pay.

Four speeders were before Police
Judge Rose for punishment yesterday.
He fined two of them and released the
others under suspended sentence be-
cause they were not breaking the law
case they were in. Frank Meeks and E. H.
Howard were those who paid and A.
Rawtree and D. T. Miller those re-
leased.

EMBEZZLEMENT CASE.

Justice Young partly heard the case
against Henry Garner, charged in the
complaint of J. M. White with embez-
zlement. White was former captain
of detectives in El Paso. The suit in-
volves the alleged embezzlement of
\$4000 said to have been received by
Garner for the sale of 22,000 shares
of mining stock owned by White.

JURORS DISAGREE.

Judge Wellborn in the United States
Circuit Court yesterday discharged the
jury in the action brought by William
A. Brown against the Salt Lake Rail-
way for \$20,000 damages. The jury
was unable to agree on a verdict.
Brown was acting as a freight brake-
man in the employ of the road at
Colton, in June, 1909, he claimed to
have been injured through the negli-
gence of the company. The jury was
unable to agree on a verdict.

PROMOTER GOES BROKE.

William B. Friedlander, who styles
himself a promoter, filed a petition in
bankruptcy in the United States Dis-
trict Court yesterday. He stated liabil-
ities, all unsecured, amounted to
\$6000.71, and his assets \$200, consist-
ing of household goods and books.
His debts consist of small transactions in
a score of different cities East and
West, mostly on contracts.A "TRANSPARENCY IN ARDEN" will be the
title of one of the delightful affairs given
in the "The Garden of Evening" at the
Hotel.

1881 HAMBURGERS 1911

Second Day of the Fashion Show

Come to our 2nd. floor Rest
Room to write letters, meet
your friends or to rest awhile.From the moment of its opening it has been an unqualified success. Delighted
throngs have exclaimed and admired and further proved their appreciation by
buying lavishly the beautiful things that pleased them most. Friday will be a day
of marked interest. Make The Big White Store your headquarters!A Fashion Show Feature—
Copies of Imported Hats at \$14.50
Sketches But Suggest Their Beauty and DistinctivenessThree notably attractive styles! One a small, close-fitting made velvet hat trimmed with a soft
bow of messaline and fancy band in harmonizing colors; another very smart draped model is of
two-toned velvet ribbon trim at side in two shades that blend artistically with the velvet and a
pretty finish of the much demanded fringe. The third is a jaunty roll brim sailor made of the
two-toned velvet finished with velvet fold and piquantly trimmed with a fancy feather and
plaited ribbon. Hamburger millinery was never more charming, more varied, nor more striking-
ly original. The artistic individuality of Hamburger makers and designers was never more em-
phatically shown than in this Fashion Show collection of the newest, most authentic of the
Autumn modes.

(Second Floor)

Tan Shoes in Great Demand—They're Here!

bello and Laguna, barn in rear of
No. 20 North Wilshire street.Woman's
HappinessThe highest point of woman's hap-
piness is reached only through moth-
erhood, in the clasping of her child
within her arms. Yet the mother-to-
be is often fearful of nature's or-
dinal and shrank from the entering in-
cident to its consummation. But for
nature's ills and discomforts nature
provides remedies, and in Mother's
Friend is to be found a medicine of
great value to every expectant mother.
It is an oily emulsion for external
application, composed of ingredients
which act with beneficial and cool-
ing effect on those portions of the
system involved. It is intended to
prepare the system for the crisis, and
thus relieve, in great part, the suffer-
ing through which the mother usually
passes. The regular use of Mother's
Friend will repay any mother in the
comfort it affords before, and the help-
ful restoration to health and strength
it brings about after baby com-
es.Mother's Friend
is for sale at
drug stores.
Write for our
free book for
expectant moth-
ers which contains much valuable
information, and many suggestions
of a helpful nature.
